1947

THE RECORD PRESS
Printers
ROCHESTER, N. H.

INAUGURAL ADDRESS

by C. Wesley Lyons, Mayor

Gentlemen of the Council:

You have assembled here, as is the custom, to organize your City Government for the year 1947. This, like any of those years since we were organized in 1891 as a city, will present its problems which will require your deliberations. As a Council, the problems before you will not be difficult, as many of you members have served in your capacity for some time, and together with our new members, we have a Council composed of men of business ability and integrity. The problems of our city are most similar to those of all of our sister towns and cities. We have our parking situation, which I believe has been solved under last year's administration. Our streets and highways are not in perfect condition, neither are they in any other area; and we, like every other community, are faced with the problem of the acceptance of new streets, where the installation of water and sewer mains will be made for the new homes which will provide for our men and women who are returning from the armed forces to become permanent residents of Rochester. The new developments, which Rochester definitely will have, must receive careful planning and thought on your part; and we, as citizens, are most fortunate that this condition exists.

Relative to the above, I know that you will be assisted by your Planning Board, which has been set up for this particular purpose; and I know, also, that some time in the very near future, they will present to you for your consideration, a proposed zoning ordinance.

In this particular period, when prices on all materials are high, it will be necessary for us all to give careful consideration to the purchasing of same, and to avoid establishing a tax rate which in the future will become a burden upon our many industries and the individual home owner. Our position here is similar to that of towns and cities throughout New England. These conditions exist whenever we are in a reconstruction period; and therefore, I ask that unusual caution may be taken in the expenditures of all of the City's moneys. With the cooperation of each of you as individuals, of which I am sure, we in Rochester will take advantage of the opportunities as they present themselves, and as they are presented to us.

Before bringing to your attention the various departments of the City, I compliment you on your good judgment and foresight in providing means and plans whereby at some time in the near future we may construct a municipal garage and provide a municipal parking lot in the location designated at the back of our City Building. There is no question in our minds, or in

those of all our citizens, but that there is a necessity for the proper housing of our equipment. During the year many thousands of the residents of our shopping area trade in Rochester, and also an equal number of tourists and summer residents who pass through our city. In providing a new municipal parking lot, we will have shown our progressiveness and foresight, and I will assure you that it will build up our reputation as a progressive city composed of friendly people.

We regret the untimely passing of Guy Smart on October 9, 1946, who served our city faithfully as City Solicitor for many years.

Relative to our Water and Sewer Department, past experience during the various periods of the year has proved our system to be inadequate to meet the many demands when large flows of water are required. In the early part of August, conditions were such in one section of our city that our Water and Sewer Committee felt it advisable to bring in one of authority to make a study of the water system. One of the municipal functions is to provide a safe water system, to be able to furnish the Fire Chief large quantities of water from hydrants when needed, to furnish industries with a good quality water in the quantity that they want, and also to furnish the homes with good water for sanitary conditions. At our regular Council meeting in August, we were privileged to have with us, Mr. E. Sherman Chase, Consulting Engineer from the firm of Metcalf & Eddy, Engineers, who made a survey of our system. He gave a report, recommending the installation of a gravel pack well. At the September Council meeting, a resolution was passed, providing \$25,000.00 for the installation of a gravel pack well. The new homes that have already been built for veterans, those now under construction, and the many that will follow, will require many more services. These extensions will make it necessary for the system to bring a further supply of water, and I know it is the desire of us all that the installation of this well be made as soon as it is physically possible.

One of our most essential departments, and perhaps the most easily criticized, is our Department on Roads, Bridges and Drains. For the past two years this department has endured as heavy snowstorms as we have experienced for many years. We have battled these storms with equipment that has seen many years of service. And yet, under these many handicaps, we have progressed. With your assistance and aid, new equipment has been purchased. However, owing to the fact that deliveries on what we have obtained have been received late in the year, they did not assist greatly in the fulfillment of all the program which was anticipated. There is no question but that the Committee and the members of our Highway Department may proceed this year with more confidence, and also with a firm assurance that the programs which are laid out will be completed. A suggestion might be considered as to the repairing of some of our sidewalks, and also the extension of new construction on those streets which have been considered but were held up because we were experiencing a period when any new construction was prohibited.

When our budget was made up in 1946, \$500.00 was included for the painting of street signs and the erecting of same on streets where they did not appear. Your committee took definite steps on these improvements, and today our streets are very well marked. This will be helpful to all of those who are not personally familiar with any particular street.

During 1946 the schools of Rochester have been maintained at a continued high standard, made possible by the provision of adequate financial support. In spite of a nation-wide teacher shortage, they have been fully staffed. Reasonable quantities of supplies and new equipment have been provided, and the physical plant has been properly maintained. Many returning veterans have taken advantage of the educational opportunity offered at Spaulding High School, and the curricula and regulations of that institution have been modified to meet the needs of this more mature group of young people. Considerable equipment for school use has been procured from government surpluses, and federal subsidies have made possible a continuation and extension of a self-supporting hot lunch program in the schools.

May I for a moment call your attention to our Public Libraries? Perhaps many of us do not appreciate the time and effort that are devoted by the Trustees, who are continually striving to increase your collection of books, and, like our schools, to assist in the education of our younger groups. We may well be proud of Rochester's libraries, and I know that in the future they will receive, not only your undivided support, but also the cooperation of our citizens in general.

At this time I call to your attention our Fire and Police Departments, which are organized and set up for the protection of property and of citizens.

Your Fire Committee has devoted much time, thought and effort, with the cooperation of your Fire Chief, to bring to this particular department, a rating which can be compared to any in our state. In the early part of 1946, through the cooperation of the Gentlemen of the Council, new equipment was purchased whereby we will be enabled to protect the property in our city most efficiently. In the early part of this year, we expect to have delivery on the American LaFrance aerial ladder. An aerial ladder is equipment which will answer practically all alarms. A few years ago when we spoke of aerial ladders, we assumed that they would be used only on the high buildings or structures. This, however, is not a fact. It is most efficient on all types of structure. With our present equipment it takes many men to raise our high ladders. With an automatic type, one man can efficiently operate a ladder to any angle in a matter of minutes. It is also equipped with safety devices, which operate at all times and under all conditions, adjustable at any angle. In addition to this we are equipped with a ladder nozzle whereby one or more lines of hose may be attached, the same to be mechanically operated by one fireman. Our department is equipped with fog nozzles for the fighting of oil fires, life nets and many other incidentals necessary to an efficient department.

A number of these accessories have already been received. All this has been made possible through your efforts, and you, as a Council, can well feel proud of your achievements.

In 1946 I spoke relative to a two-way radio for our Fire Department. These are used most extensively throughout the state, and will also be an asset in forest fires, and fires in rural areas. Perhaps this is not the proper time for this installation, but I believe it well that we keep this in mind for the future.

Your Police Department is also established for the protection of our property and our citizens. Many who are not members of the Council are not aware of the many calls that are answered throughout the year, and of the problems with which this department is confronted. An outstanding piece of equipment, which I believe that we have needed for a long while, through your efforts has been purchased: an ambulance which will be used by this department that will follow up any accident or fire, also to be used for conveying those of our citizens in emergency calls, whereby they may be removed to hospitals at all times. This ambulance is to be equipped with two-way radio, which will be of great assistance in this particular type of use.

It is most necessary that your Fire and Police Departments must cooperate and work with each other, and I personally have observed that in the past, these two departments have been co-operating most efficiently.

I take this as an opportunity to convey to the members of our departments throughout our city, our appreciation for their efficient cooperation with our citizens.

At our Inaugural ceremonies in 1946, I addressed you relative to our many parks and playgrounds, and how fortunate we were, as a city, in having these localities which have been set aside for the use of the general public. This year the municipal playground at Hanson Pines has been patronized by many, most especially by our younger children.

Through the cooperation of our Water and Sewer Department, we have been able not only to keep our Common well cared for, but also a number of our smaller parks. During spring, summer and fall there are many hundreds of people who use this Common for their ball games and our band concerts, and I think that we should feel proud of the fine care that has made this a most attractive spot, not only for those who patronize it for recreation, but also for our visitors who are passing through our city, where its general appearance has made a favorable impression upon these visitors. During the winter months the Common and the playgrounds in Gonic and East Rochester have their skating rinks built up for the recreation of the younger group; and I believe that we, as a body, are looking forward to the time when we may have permanent playgrounds, similar to the Hanson Park Playground, both in East Rochester and in Gonic.

Much thought should and must be taken relative to the

shade trees of our entire city. The majority of these trees are elms. Through the western part of our country, the elm blight has been most disastrous. Through these western cities thousands upon thousands of these elms have been destroyed, and from information at hand, this blight has now been discovered in the southern part of New England most especially in Connecticut, and I feel that we should not only take special care of these elms, which make our city beautiful, but should also take steps to plant trees in the vacant places where trees have been removed, and also on the new streets which have been accepted in recent years.

For the past few years we, as a Council, have been deliberating a change in Central Square, so as we may be enabled to take care of the continual increase of traffic, both motor and pedestrian. Through the cooperation of the State Highway Department, we have at hand three layouts which were drawn by the late Ralph L. Kimball, Division Engineer, in 1940, relative to the improvement of this Square.

During the war when many of our citizens, not only from Rochester but from surrounding towns and communities, were doing their bit in defense plants, the Council designated a portion of the Square for a bus terminal. This was an emergency program and only for the length of time it was needed by those workers. In these past few years our general public have become accustomed to arriving in town and leaving at this particular location. Now we feel and know that this terminal should not be in this particular location, but when this change is made, we must not forget the fact that those who patronize this convenience must be considered.

There apparently is some misunderstanding among our citizens regarding the possibility of a change in the location of the Parson Main Memorial. I think we all, as members of our City Government, appreciate the important part the Parson Main played in Rochester in its early stages of settlement, not only as the leader of the first place of worship, but also as an adviser in matters of legal affairs, as well as caring for those who were ill in this particular community and over this whole section of the state. It is my desire to convey to our citizens in behalf of the Gentlemen of the Council that it is not our intention to remove the memorial of our distinguished first citizen to an obscure location, or to one of less importance than it now has; and should the Council, as a whole, or by a special committee which they might see fit to appoint, change its location to the center of our Square. I personally feel that it might be most helpful in relieving the congestion of traffic.

I think perhaps that you will agree with me that these above changes should be made, not only of buses and memorial, but perhaps also lighting, and the same should receive careful deliberation and advice from those who are in authority on the regulation of traffic; and after this information is obtained, that it should receive the most careful consideration, not only from an individual committee but from you Gentlemen of the Council as a whole.

In the latter part of 1945, the Committee on Street Lights took advantage of the opportunity presented to them by the Public Service Company of New Hampshire, whereby they could increase the candle power of our lights throughout the city with a no greater expenditure of money. At a recent conference with the Public Service Company, they have suggested the presentation of a diagram of a new type of light which could be installed in squares, and also in extension of the so-called white way. In the early part of this year, this will be presented to the standing committee on Street Lights for their consideration. I might add that this involves a very small increase of expenditure.

This past year the Committee on Public Buildings has painted the copings and trimmings, and repaired windows in the East Rochester Fire Station and Opera House, and we have been so fortunate as to have had the Gonic Opera House painted and some of the plumbing replaced. This work, together with the Central Fire Station, which was repainted in 1945, brings these buildings into fair condition. I feel that this work was most essential, and that we must each and every year make some improvement for the upkeep of our buildings. I know that this will be done because in the past our Committee on Public Buildings has been most cooperative.

In closing, I take this opportunity to remind you of the many natural advantages we have in Rochester: its geographical location, its many and varied industries, its parks and supervised playgrounds, and the power from its two rivers, the Cocheco and the Salmon Falls. We are also so fortunate as to have fine schools, and the Spaulding High is one of the best and finest equipped in the East. Our up-to-date mercantile establishments do a tremendous business and draw thousands of buyers to this natural and convenient trading center. We have a fine Public Library and a modern well-equipped hospital.

The fact that we are so fortunate in these many advantages is because since Rochester received its charter as a city in 1891, we have had an honest, intelligent and cooperative city government; and we, as a Council for the year of 1947, must not be thoroughly satisfied with the present, for such satisfaction would only lead to stagnation, and that is not a part of our program. I am sure that we can look forward to the future, hopeful and without fear, always working for a better, busier and larger city.

CITY GOVERNMENT

AS ORGANIZED JANUARY 1, 1947

Mayor, C. WESLEY LYONS

COUNCILMEN

Ward One—Merl T. Wentworth, Jesse C. Simonds, Maurice A. Jones.

Ward Two—Frederick Maxfield, Freeman V. Parshley, Albert Nelson.

Ward Three—John J. Hurley, Arthur E. Cassidy, Herbert Bow-
ering.

Ward Four—Thomas J. Sylvain, George J. Potvin, Donald Syl-
vain.

Ward Five—Wilfred T. Roy, Weston H. Palmer, Chester D.
Jefferson.

Ward Six—Charles F. Leach, Vernon E. Hersom, George F.
Wilson.

City Clerk—D. Arlene Baker.

City Treasurer—Frank E. Hussey.

City Accountant—J. Stacy Tripp.

City Solicitor—Richard F. Cooper.

Collector of Taxes—Eugene C. Howard.

Street Commissioner—Ralph O. Meader.

Superintendent of Water Works and Sewers—George D. Dame.

Marshal—Thomas K. Redden.

Assistant Marshal—Erlon H. Furbush.

Patrolmen—Nelson S. Hatch, Vane E. Nickerson, Ernest J.
Levesque, Willis M. Hayes, Deus Levesque.

Chief Engineer of the Fire Department—Ralph G. Seavey.

Deputy Chief Engineers of Fire Department—Wilbur E. Horne,
Joseph E. Woodes, Charles L. Plummer, William B. Shaw,
Downing Osborne.

Overseer of Poor—Forrest L. Keay.

Sanitary Officer—Charles E. Goodwin.

City Physician—Charles E. Moors, Jr.

Board of Health—Forrest L. Keay, Charles E. Goodwin, Charles E. Moors, Jr.

Plumbers' Examining Board—Charles E. Moors, Jr., Wilbur E. Horne, Charles E. Goodwin.

Assessors—Howard C. E. Becker, Alfred J. Beaudoin, Albert R. Chalmers.

Trustees of Trust Funds—Cecil M. Pike, Bernard F. Nixon, Frank E. Hussey.

Trustees of Public Library—Robert P. Wilson, Charles W. Varney, Jr., J. Levi Meader, Henry J. Grondin, Joel W. McCrillis, J. Stacy Tripp.

Licensing Board—Mayor C. Wesley Lyons, City Marshal Thomas K. Redden, Health Officer Charles E. Goodwin.

Manager of City Hall Auditorium—E. Morrison Douglas.

Janitor—James B. Callahan.

Assistant Janitor—Charles G. Fenton.

Janitor, East Rochester Hall—John F. Hickey.

Janitor, Gonic Hall—Ernest Stevenson.

Sealer of Weights and Measures—James B. Callahan.

Special Police—Wm. O. Allen, William J. Blair, Leon Blaisdell, Wilfred Boulanger, Percy Brooks, Alonzo Bunker, James B. Callahan, F. D. Callaghan, Frank C. Canney, Louis Carter, Guy E. Chesley, Don R. Coburn, Francis W. Cote, Ernest Couture, Eudore Couture, George A. Creteau, Peter Cullen, George D. Dame, Forrest M. Davis, W. Earl Davis, E. Morrison Douglas, Fred L. Doyle, Miles H. Dustin, Isaac C. Evans, James Flood, Albert S. Foster, Chester A. Freeman, Alphonse Frenette, Charles E. Goodwin, Neal Goodwin, Leland L. Gray, Wm. D. Hamel, Wilbur Hayes, Horace F. Haynes, John F. Hickey, Ernest E. Horne, John J. Hurley, Carl Jacobs, Edward Joblonski, Herbert Kenney, William Lamontagne, A. R. Lapointe, Alphonse Lacasse, Gerald G. Lapiere, Ambrose Massey, John Meader, Ralph O. Meader, Frank B. Miller, Arthur Mortimer, Clifton H. Niblock, Eugene O'Brien, Rolf Osterman, Freeman V. Parshley, Michel A. Pelletier, John W. Philbrook, Napoleon Picard, Maxime Portray, George J. Potvin, Bert F. Power, Dwight Raab, Gerard Rainville, Joseph A. Roulx, Felix Sanfacon, Fred L. Seavey, Harold Shepard, Mylo Sinclair, Ernest Stevenson, Reginald Stuart, Arthur E. Tebbetts, Richard Varney, Albert L. Wallace, Harvey Warburton, Jasper G. Ward, Harry L. Webber, George V. Willard, Joseph Woodes, Joseph G. Zuromskis.

Public Weighers—Roland Bouchard, Herbert Bowering, Forrest Campbell, Edna Capron, A. F. Carter, Walter T. Cate, Raymond Clark, Forrest M. Davis, John Dodge, Kenneth Drapeau, Fred Durgin, Irving Emerson, Charles E. Fisher, J. Raymond Fisher, Wallace N. Fisher, Robert Gilman, George E. Greenfield, Frank Hatch, Richard G. Hatch, George W. Heath, George Herries, Warren C. Howard, Raoul J. Marcotte, Roy Marcotte, J. A. Morrill, A. C. Mortimer, Roger E. Page, Orlando E. Pickering, Raymond Palmer, Chester H. Smith, Franklin Torr, Olive Page Tufts, Albert Warburton Scott Winkley, Joseph Woodes, Bert Woodward, William York, Ivory L. Young.

Surveyors of Wood and Lumber—Jesse Ames, Arthur Bonenfant, Louis Cartier, Nathaniel Davis, William H. Emack, Robert Fownes, Norman Griffin, Russell Griffin, Samuel Hale, Albert Lacasse, Raoul Lacasse, Erwin Lurvey, James R. Mangar, A. F. Potvin, George J. Potvin, Clayton Severance, James O. Watson, Malcolm Roode.

Fence Viewers—Ernest Campbell, Harvey Henderson.

STANDING COMMITTEES, 1947

Finance—Mayor, Palmer, Jones.

Claims and Accounts—Mayor, Nelson, Cassidy.

Public Buildings—Wilson, Maxfield, Bowering.

Fire Department—Wentworth, Wilson, Potvin.

Roads, Bridges and Drains—Leach, Jefferson, Donald Sylvain.

Water Works and Sewers—Simonds, Roy, Thomas Sylvain.

Street Lights—Maxfield, Wentworth, Hurley.

Printing—Parshley, Hersom, Cassidy.

Election and Returns—Hersom, Jefferson, Cassidy.

Legal Affairs—Mayor, Simonds, Donald Sylvain.

Bills in Their Second Reading and Enrolled Ordinances—Roy, Nelson, Hurley.

Police—Mayor, Palmer, Jones.

Purchasing Committee—Mayor, Wilson, Potvin.

SPECIAL COMMITTEES, 1947

Dump—Roy, Jefferson, Maxfield.

Municipal Garage—Mayor, Palmer, Leach, Simonds, Wilson, Potvin, Jones.

IMPORTANT RESOLUTIONS AND ORDERS

Passed by the City Council, 1947

RESOLUTION TO BORROW MONEY IN ANTICIPATION OF TAXES

Be it resolved by the Mayor and City Council of the City of Rochester: That the Finance Committee be authorized to hire in anticipation of taxes a sum not exceeding two hundred and fifty thousand dollars, (\$250,000.00). Said sum to be hired on notes of the City at such time as the best interest of the City require.

Passed January 1, 1947.

RESOLUTION FOR PURCHASING DRIVING LICENSES FOR EMPLOYEES WHO DRIVE CITY-OWNED VEHICLES

Be it resolved by the Mayor and City Council of the City of Rochester: That the cost of driving licenses required by the state, for drivers regularly employed to drive City-owned motor vehicles be paid from funds budgeted for the use of the respective departments.

Passed February 4, 1947.

RESOLUTION ON BIDS FOR RUBBISH COLLECTION

Be it resolved by the Mayor and City Council of the City of Rochester: That, whereas, the contract for the collection of garbage in the City of Rochester expires February 15th, the Committee on Roads, Bridges and Drains has advertised for bids in the Rochester papers; and that the bids and contract for garbage collection for 1947 be referred to the Purchasing Committee and Highway Committee with power to act.

Passed February 4, 1947.

RESOLUTION ON PURCHASE OF TRUCK

Be it resolved by the Mayor and City Council of the City of Rochester: That the Purchasing Committee be authorized to purchase a half-ton International Truck for the Water and Sewer Departments, the cost not to exceed thirteen hundred dollars (\$1,300.00), with privilege of disposal of present Ford Pickup. The cost of truck to be divided equally between the Water and Sewer Departments and payments made from money raised by notes issued in such manner as the Committee may deem advisable.

Passed February 4, 1947.

RESOLUTION TO INSTALL NEW WHITE WAY

Be it resolved by the Mayor and City Council of the City of Rochester: That the standing committee on Street Lights be empowered to authorize the Public Service Company of New Hampshire to install a new white way, which should begin at the hospital, extend to Strafford Square, to Chestnut Hill Drive opposite the Spaulding High School, and on Wakefield Street to the same point, with the improvement of lights on the Square, at no additional expense to the City of Rochester this year and not to exceed an increase of \$781.00 for the year of 1948.

Passed April 1, 1947.

RESOLUTION ON ACTION TAKEN BY
HIGHWAY COMMITTEE

Be it resolved by the Mayor and City Council of the City of Rochester: That any and all actions taken by the Committee on Roads, Bridges and Drains since the resignation of Ralph Meader as Street Commissioner in the operation of the Street Department, so-called, are hereby confirmed, and the said Committee on Roads, Bridges and Drains is hereby authorized to carry on the operation of the Street Department, so-called, in the same manner and with the same authority as if a Street Commissioner were in fact administering said Department until such time as a new Street Commissioner is elected by the Council.

Passed April 1, 1947.

RESOLUTION ON RAISING MONEY FOR
SEWER DEPARTMENT

Be it resolved by the Mayor and City Council of the City of Rochester: That the Finance Committee of said Council be and is hereby authorized to raise the sum of Eighteen Thousand Dollars (\$18,000.00) for use of the Sewer Department by the issuance of such notes for such terms and at such rates of interest as by the said Finance Committee may be deemed advisable.

Passed April 1, 1947.

RESOLUTION TO EXTEND SEWER ON PORTLAND
STREET AND APPROPRIATION TO RAISE MONEY
FOR SAME

Be it resolved that the Mayor and City Council of the City of Rochester grant the following property owners an extension of the deep sewer on Portland Street for a distance of approximately 4,700 feet. Clarence Colwell, Albert Blaisdell, Fannie Hanscom, Homer Parker, J. Wesley French, Jr., Roger Blaisdell, Everett Pike, Robert J. Brennan, Helen P. Brennan, Frank Manning, Otto J. Slack, Edna Capron, Sadie Broderick,

William Broderick, Arthur Folsom, Lorene Folsom, Arthur Birch, Merritt Weeks, Sr., Mr. and Mrs. Lloyd Birch, Abbie Colwell, Hazel Blaisdell, Eddie Glode, Vivian French.

Be it also resolved that the full amount of money, \$11,000.00 be appropriated to complete the above work and that the Finance Committee of the City of Rochester be authorized to issue notes of the City in payment of same if the above amount is not included in the budget of the Sewage Department.

Passed May 6, 1947.

RESOLUTION TO ESTABLISH OFFICIAL MAP

Be it ordained by the Mayor and City Council of the City of Rochester: That in accord with Revised Laws of the State of New Hampshire, Chapter 53, Section 17, the Master Plan, as prepared and presented by the Planning Board, is hereby established as the official map for the purpose of determining the location and width of streets and the location of parks as shown thereon, and the City Clerk is hereby authorized to certify a copy of said map, when the same shall have been prepared, to be a true copy thereof and file the same with the Register of Deeds for Strafford County.

Passed May 6, 1947.

RESOLUTION FOR A ZONING ORDINANCE

(Printed copies available at the Mayor's Office)

Passed May 6, 1947.

AMENDMENT TO ORDINANCES ON TRAFFIC

Be it ordained by the Mayor and City Council of the City of Rochester as follows:

Section 1. For the purpose of considering and studying matters pertaining to traffic and traffic control and to recommend from time to time rules and regulations for the purpose of governing the movement of traffic, both pedestrian and vehicular, upon the public highways of the City of Rochester, a Committee on Traffic is hereby created.

Section 2. Said Committee on Traffic shall be comprised of the following members: The Mayor, three members of the Council, the Chief of Police, the Chief of the Fire Department, and the Street Commissioner. The Councilmen first appointed shall hold office until January, 1948, and thereafter they shall be appointed annually in January for a term of one year; the other members of the committee shall serve during the period that they hold their respective offices.

Section 3. All proposed changes or amendments to the General Ordinances regulating traffic upon the public highways of the City of Rochester shall, when presented to the Mayor and

City Council, be referred to the Committee on Traffic for their consideration and report thereon to the City Council before further action is taken relative thereto.

Section 4. Rules and Orders of the Mayor and City Council of the City of Rochester as approved February 6, 1940, shall be amended by inserting after Section 32 thereof and before Section 33 thereof, a new section to be known as 32A as follows:

"At the commencement of each Municipal year, the Mayor shall appoint three Councilmen to the Standing Committee on Traffic, which committee shall consist of the Mayor, three members of the Council, the Chief of Police, the Chief of the Fire Department, and the Street Commissioner. Any vacancies occurring in said committee shall be filled by the Mayor."

Section 5. Chapter XIV of the General Ordinances of the City of Rochester shall be amended by striking out Section 4 thereof and inserting a new section 4 as follows:

"The Committee on Traffic of the City Council shall determine the manner in which cars are to be parked and left standing on the foregoing designated streets, and shall cause to be placed upon said streets proper markings to indicate the place and manner for parking."

Section 15 of said Chapter XIV shall be amended by crossing out the words "the City Marshal and the Police Committee," and inserting in the place thereof the words "the Committee on Traffic."

Passed May 6, 1947.

RESOLUTION ON HYDRO-GEOLOGICAL SURVEY

Be it resolved by the Mayor and City Council of the City of Rochester: That the committee on Water Works and Sewers be authorized to enter into an agreement with whatever engineering firm is deemed by them best qualified and spend up to Five Thousand Dollars (\$5,000.00) for the purpose of a hydro-geological survey in Rochester to determine the feasibility and the area best suited for the construction of a new source of water supply.

Passed May 6, 1947.

RESOLUTION ON SURVEY OF NORTH MAIN STREET

Be it resolved by the Mayor and City Council of the City of Rochester: That the Finance Committee be empowered to raise the sum of \$3,000.00 in any manner they determine; this sum to be expended under the supervision of the Committee on Roads, Bridges and Drains and the Street Commissioner, to be used for the purpose of retaining the service of a competent engineer, to make a survey and draw up specifications for the reconstruction of North Main Street to Strafford Square; South Main Street to the Railroad; Central Square, and Wakefield Street to Union Street.

Passed May 6, 1947.

RESOLUTION ON STRAFFORD PARK DEVELOPMENT

Be it resolved by the Mayor and City Council of the City of Rochester: That the Finance Committee be authorized to raise on notes of the City a sum not exceeding thirty thousand (\$30,000.00) dollars, for such terms and at such rates of interest as in the judgment of the Finance Committee is deemed best, but the entire issue of thirty thousand (\$30,000.00) dollars to be paid within ten (10) years from date of issue, the proceeds of which are to be used for the construction of streets, sewers, drains and water mains in and on the proposed Strafford Park development, so-called, situated on the northwesterly side of Washington Street in the City of Rochester, the notes to be issued for the following purposes and not to exceed the following amounts:

Water construction notes	\$6,100.00
Sewer construction notes	15,000.00
Highway construction notes	6,400.00
Surface drain construction notes	2,500.00
	<hr/>
	\$30,000.00

Passed May 6, 1947.

(November 5, 1947, voted all actions granting appropriations to Parent Homes, Inc., be rescinded.)

AMENDMENT TO ORDINANCES ON SALARIES

Be it ordained by the Mayor and City Council of the City of Rochester: That Chapter 23 of the General Ordinances, as amended March 5, 1946, relating to the salary of the Superintendent of Water Works and Sewers and of the Highway Commissioner as well as the salaries of the Police and Fire Departments; and as amended June 4, 1946, relating to the salary and Health and Public Buildings Departments; and as amended July 2, 1946, relating to the Election Department; and as amended September 3, 1946, relating to the Assessors of Taxes, except the sum for traveling expenses, be amended by adding Section 10, as follows:

"Effective April 1, 1947, the salaries as specified by the foregoing sections together with any and all amendments made prior to April 1, 1947, shall be and hereby are increased ten (10) per cent."

Passed May 6, 1947.

RESOLUTION TO INCREASE WAGES OF
HIGHWAY DEPARTMENT

Be it resolved by the Mayor and City Council of the City of Rochester: That the pay schedule for employees of the Highway Department as adopted March 5, 1946, and amended in part on April 2, 1946, which since that date has been

For Laborers:

Minimum rate \$.72 per hour

Maximum rate \$.79 per hour

- For Truck Drivers:
Minimum rate \$.79 per hour
Maximum rate \$.85 per hour
- For Grader Operator:
Minimum rate \$.98 per hour
Maximum rate \$1.09 per hour
- For Shovel Operator:
Minimum rate \$.98 per hour
Maximum rate \$1.09 per hour
- For Mechanic:
Minimum rate \$.85 per hour
Maximum rate \$1.00 per hour

Be revised and amended by increasing the same ten (10) per cent so that the new pay schedule shall be

- For Laborers:
Minimum rate \$.792 per hour

- Passed May 6, 1947.

RESOLUTION TO INCREASE WAGES OF WATER AND SEWER DEPARTMENT EMPLOYEES

Be it resolved by the Mayor and City Council of the City of Rochester: That the pay schedule of employees of the Water and Sewer Department as adopted March 5, 1946, which since that date has been

- For Laborers:
Minimum rate \$.72 per hour
Maximum rate \$.79 per hour
- For Servicemen:
Minimum rate \$.79 per hour
Maximum rate \$.85 per hour

For the Selected person competent to make surveys and establish lines and grades, keep proper plans and records, also to assist in the general supervision of the work of the Department and to perform such other duties as the Superintendent of the Water Department may require shall be paid at the rate of \$1.00 per hour.

Be revised and amended by increasing the same ten (10) per cent so that the new pay schedule shall be

For Laborers:

Minimum rate \$.792 per hour

Maximum rate \$.869 per hour

For Servicemen:

Minimum rate \$.869 per hour

Maximum rate \$.935 per hour

For the Selected Person competent to make surveys and establish lines and grades, keep proper plans and records, also to assist in the general supervision of the work of the Department and to perform such other duties as the Superintendent of the Water Department may require shall be paid at the rate of \$1.10 per hour.

Passed May 6, 1947.

RESOLUTION TO INCREASE WAGES OF MASON WORKER

Be it resolved by the Mayor and City Council of the City of Rochester: That the rate of pay of an employee of the Highway Department doing mason work be increased 10%, retroactive to April 1, 1947, so that the new rate shall be \$1.392.

Passed June 3, 1947.

RESOLUTION TO RAISE MONEY FOR RECONSTRUCTION OF NORTH MAIN STREET

Be it resolved by the Mayor and City Council of the City of Rochester: That a sum not to exceed \$65,000.00 be appropriated for the reconstruction of North Main Street, this money to be raised in any manner the Finance Committee determines.

Passed June 3, 1947.

RESOLUTION ON PAY OF SPECIAL POLICE OFFICERS

Be it resolved by the Mayor and City Council of the City of Rochester: That the rate of pay for Special Police Officers while employed by the City of Rochester shall be eighty-two (82) cents per hour.

That any officer, special or regular, of the Police Department when detailed for private duty shall be paid by the party or parties who request such protection and/or service not less than five (\$5.00) dollars per man per detail.

Passed June 3, 1947.

RESOLUTION TO INVESTIGATE SEWERAGE SYSTEM

Be it resolved by the Mayor and City Council of the City of Rochester: That a Committee of three be appointed to investigate and report back at the August meeting the feasibility of

placing the sewerage system of the City of Rochester on a self-supporting basis.

Passed July 1, 1947.

RESOLUTION TO INVESTIGATE GARBAGE COLLECTION

Be it resolved by the Mayor and City Council of the City of Rochester: That the Mayor appoint a Committee of three members of the City Council to investigate and report back on the feasibility of the collection of garbage and refuse by some Department of the City of Rochester with a view of a more economical handling of the same and upon a self-supporting basis if possible.

Passed July 1, 1947.

AMENDMENT TO INCREASE SALARIES OF DEPUTIES AT GONIC AND EAST ROCHESTER

Be it ordained by the Mayor and City Council of the City of Rochester: That Paragraphs (e) and (g) of Section 9 of Chapter 23 of the General Ordinances of the City of Rochester be stricken out and the following new paragraphs (e) and (g) of Section 9 of said Chapter be inserted in the place thereof effective as of July 1, 1947:

“(e) The Deputy Chiefs of Gonic and East Rochester, \$165.00 payable semi-annually.”

“(g) Members of Companies 3 and 4 \$110.00 each, payable semi-annually.”

Passed July 1, 1947.

RESOLUTION ON PUBLIC HEARING ON BUDGET

Be it resolved by the Mayor and City Council of the City of Rochester: That as required by a state law, passed in 1943, a public hearing on the City Budget shall be held and that the City Clerk be and hereby is instructed to publish a notice of said hearing, at least one week in advance of said hearing; and post notices in two public places, together with a summary of the Budget as submitted, at least one week in advance of said hearing.

Passed July 1, 1947.

RESOLUTION PASSING THE 1947 BUDGET

Be it resolved by the Mayor and City Council of the City of Rochester: That there be raised and there is hereby ordered to be raised, with such overlay as may be found necessary, on the polls and ratable estates within said City the sum of \$487,543.36 to defray the necessary expenses of the City for the ensuing year, which together with the sums which may be received from various sources is hereby appropriated.

Passed July 14, 1947.

RESOLUTION TO ACCEPT MONEY FROM STATE FOR SCHOOLS

Be it resolved by the Mayor and City Council of the City of Rochester: That the sum of \$30,709.64 which has been made available to the City of Rochester by the State of New Hampshire under Revised Laws, 1942, Chapter 134, Section 14, Paragraph III, as amended by the Laws of 1947, be and hereby is received and accepted by the said City of Rochester, and

Be it further resolved that the \$30,709.64 above accepted from the State of New Hampshire be applied to the appropriation hereinbefore voted for the defrayment of the operating costs of the schools of the City of Rochester, and

Be it further resolved that the sum of \$30,709.64 hereinbefore accepted be applied for the purpose of reduction of the taxes and real estate for school purposes all in accord with Chapter 134 of the Revised Laws of the State of New Hampshire, Section 14, Paragraph III, as amended by the Laws of 1947.

Passed July 14, 1947.

RESOLUTION TO PURCHASE PUMPER

Be it resolved by the Mayor and City Council of the City of Rochester: That the Finance Committee be and is hereby authorized to issue notes on such terms as by that Committee is deemed advisable in an amount not to exceed fourteen thousand (\$14,000.00) dollars for the purchase of a 750-gallon pumper, the pumper to be selected by the Joint Action of the Fire Committee and the Purchasing Committee. The contract to have a stated amount and have a clause that if the price drops the City will receive this benefit.

Passed August 5, 1947.

AMENDMENT TO ORDINANCES RELATIVE TO PLUMBING EXAMINERS

Be it ordained by the Mayor and City Council of the City of Rochester: That Section 16 of Chapter XXVI of the General Ordinances, 1944, of the City of Rochester be amended by striking out the first sentence of said section as it now reads and inserting in its place the following new sentence:

"The Board of Examination of Plumbers shall consist of a master plumber who has been engaged for at least five years in active plumbing business in the state, a member of the Board of Health, and a journeyman plumber who has had at least five years' active service."
so that Section 16 of Chapter XXVI shall read as follows:

"Section 16. The Board of Examination of Plumbers shall consist of a master plumber who has been engaged for at least five years in active plumbing business in the state, a member of the Board of Health, and a journeyman plumber who has had at least five years' active service. All members shall be ap-

pointed by the Mayor at the regular meeting of the incoming Council in January of each year and such appointments shall be subject to the approval of the Council. Vacancies in the Board shall be filled in like manner. The members of the Board shall serve without compensation."

Passed August 5, 1947.

RESOLUTION TO PURCHASE TRAFFIC SIGNAL

Be it resolved by the Mayor and City Council of the City of Rochester: That the Purchasing Committee with the advice of the Police Committee be empowered and authorized to purchase and install a traffic signal at the intersection of Route 202 and Main Street in East Rochester at the entrance to the Interstate Bridge at a cost not to exceed \$1,000.00 and the cost of the same is hereby appropriated and charged to Revenue Surplus.

Passed August 5, 1947.

RESOLUTION ON PUBLIC HEARING OF BUILDING CODE

Be it resolved by the Mayor and City Council of the City of Rochester: That the Honorable Mayor be empowered and authorized to call a public hearing with reference to the adoption of the building code and the provisions thereof in accord with the Laws of the State of New Hampshire.

Passed August 5, 1947.

RESOLUTION TO PURCHASE STREET STRIPING MACHINE

Be it resolved by the Mayor and City Council of the City of Rochester: That the Purchasing Committee with the advice of the Police Committee be authorized and empowered to purchase a street striping machine at a cost not to exceed \$495.00, said purchase price to be charged to the 1947 appropriation of the Police Department and if there are not sufficient funds in said appropriation available to completely cover the cost of the same, then any balance is to be charged to Revenue Surplus.

Passed August 5, 1947.

RESOLUTION ON PAY OF BUILDING INSPECTOR

Be it resolved by the Mayor and City Council of the City of Rochester: That a salary of \$25.00 per week be authorized and be paid the Building Inspector of the City of Rochester.

Passed August 5, 1947.

RESOLUTION TO MAKE SURVEY OF WATER SYSTEM

Be it resolved by the Mayor and City Council of the City of

Rochester: That a consulting engineer be retained at a cost not to exceed \$5,000.00 said engineer to be selected by the joint action of the Water and Finance Committees, for the purpose of making a survey of our present water system, supply and distribution, with a view to making recommendations for changes in and extensions of the present system.

Passed September 2, 1947.

AMENDMENT TO ORDINANCES RELATIVE TO PARKING METERS

Be it ordained by the Mayor and City Council of the City of Rochester: That 1. Amend Chapter XIV of the General Ordinances of the City of Rochester, revised 1944, Section 3 as amended December 6, 1945, by striking out all of Section 3 as amended and inserting in its place thereof the following new Section 3:

"Section 3. No person between the hours of 8 o'clock A. M. and 6 o'clock P. M. on all week days excepting Saturday, and on Saturdays between 8 o'clock A. M. and 9 o'clock P. M., shall be allowed to park or cause to stand a motor vehicle for more than one hour, or proportionate part thereof, on North Main Street from Bridge Street to Central Square; on the whole of Central Square; on both sides of South Main Street from Central Square to Knight Court; and on Hanson Street from Central Square to Central Avenue; nor shall any person, between the said hours on the said days of the week, be allowed to park or cause to stand a motor vehicle for more than two hours, or proportionate part thereof, on Hanson Street from Central Avenue easterly to the end of said Hanson Street; on those areas so designated on both sides of Portland Street at the westerly end thereof; on the northwesterly side of Bridge Street from North Main Street to the Bridge; on North Main Street from Bridge Street to the bridge over the Cocheco River; on both sides of Wakefield Street from Autumn Street to the entrance to the Central Fire Station. Provided, however, this section shall not apply to operators of licensed taxis when in locations allotted to them as a taxi stand, nor to any buses when in locations allotted to them by vote of the City Council nor to any motor vehicle of the Police Department when in the space allotted to it on the westerly side of Parson Main Monument."

2. Further amend said Chapter XIV of said General Ordinances by inserting between Section 3 as amended above and Section 4 the following new sections:

"Section 3a. The following described streets in the City of Rochester are hereby designated and established as parking meter zones: All of those streets and parts of streets referred to in Section 3 of this Ordinance, and such other streets and parts of streets upon which there shall in the future be located parking meters under the direction and authority from this Council.

"Section 3b. The Committee on Traffic shall provide for the installation of parking meters, including curb or street marking lines, the regulation and operation thereof, and said

Committee shall cause said meters to be maintained in good workable condition. Meters shall be placed upon the curb next to individual parking places and meters shall be so constructed as to display a signal showing legal parking upon deposit therein of the proper coin, or coins, of the United States, as indicated by instructions on said meter, and for a period of time conforming to the parking limits of the City of Rochester, said signal to remain in evidence until expiration of said parking period so designated, at which time a change of signal or some other mechanical operation shall indicate expiration of said parking period.

"Section 3c. The Committee on Traffic is hereby vested with the authority to enter into a contract for the purchase and installation of parking meters and to provide payment therefor exclusively from the receipts obtained by the City from their operation and said means of payment shall be in addition to any other purchasing powers heretofore granted the City by its charter, or by the laws of the State of New Hampshire.

"Section 3d. When any vehicle shall be parked next to a parking meter, the owner or operator of said vehicle shall park within the area designated by the curb or street marking lines as indicated for parallel or diagonal parking and upon entering said parking space shall immediately deposit in said meter one five cent coin of the United States and/or one or more one cent coins of the United States as indicated by instructions on said meter. It shall be unlawful for any person to fail to park within said designated area or fail or neglect to so deposit the proper coin or coins.

Said parking space may then be used by such vehicle during the legal parking limit provided by the ordinances of the City, and said vehicle shall be considered as unlawfully parked if it remains in said space beyond the legal parking limits and/or when said parking meter displays a signal showing illegal parking. It shall be unlawful for any person to cause or permit any vehicle registered in his name to be unlawfully parked as set out in this section.

"Section 3e. It shall be unlawful for any person to deposit, or cause to be deposited, in a parking meter one five cent piece and/or one or more one cent coins for the purpose of extending the parking time beyond the maximum time fixed by the ordinances of the City of Rochester.

"Section 3f. It shall be unlawful to deposit or cause to be deposited in any parking meter, any slug, device or a metallic substitute for a coin of the United States.

"Section 3g. It shall be unlawful for any person to tamper with, open, wilfully break or destroy any parking meter.

"Section 3h. It shall be the duty of traffic officers so instructed to take the parking meter number, and the state vehicle tag number of all persons violating the provision of this ordinance and make complaint therefor in the Municipal or Police Court of the City of Rochester, or make return thereof to the City Marshal.

"Section 3i. Any person who shall violate or assist in violating Sections 3f and 3g shall upon conviction be fined not more than \$20.00 and costs.

"Section 3j. Any person, firm or corporation who shall violate or permit or allow anyone to violate any of the provisions of this ordinance, other than Sections 3f and 3g, shall for the first offense in any calendar year be fined twenty-five cents (\$.25), for the second offense in any calendar year be fined fifty cents (\$.50), for the third offense in any one calendar year seventy-five cents (\$.75), to be paid to the City Marshal and for any offenses exceeding three in any one calendar year not more than twenty dollars (\$20) upon conviction in Municipal Court. Nothing in this section shall prevent any person from being heard in court in lieu of payment to the City Marshal provided for herein for the first three offenses in one calendar year. The City Marshal shall account monthly to the City Treasurer for all moneys collected under this section.

"Section 3k. The City Marshal may permit plumbers, electricians, or other contractors to park or leave standing vehicles in front of buildings on streets where parking meters are installed without payment of the parking meter fee and for a longer period of time than is provided for in this Ordinance, provided it is essential for the work being carried on by said electrician, plumber or contractor in said building, that said truck or other vehicle be parked as aforesaid.

"Section 3l. The fee required to be deposited in said meters is hereby levied as a police regulation and inspection fee to cover the cost of providing parking spaces, parking meters and installation and maintenance thereof, the cost of regulation and inspection, operation, control and use of the parking meter spaces and zones created herein, for the regulation and control of traffic moving in and out of, and parking in, said parking spaces and zones so created, and for the cost of any resultant traffic administration expense. Any surplus remaining after payment of the expense of said meters shall be used to acquire, construct, improve, maintain and manage public parking areas and/or maintain and improve streets and highways in said Rochester.

"Section 3m. If any section, provision or part thereof in this ordinance shall be adjudged invalid or unconstitutional by a court of competent jurisdiction, then such adjudication shall not affect the validity of the ordinance as a whole, or any section, provision or part thereof not so adjudged invalid or unconstitutional.

"Section 3n. After the initial installation of parking meters by the Committee on Traffic, it shall be the duty of the City Marshal, under the direction and supervision of the said Committee on Traffic and the Police Committee, to maintain said parking meters and enforce the rules and regulations laid down in this ordinance. The City Marshal may, with the approval of the Committee on Traffic, from time to time designate certain additional areas in the city wherein only limited parking shall be allowed and fix the limit of parking for said areas. It shall be unlawful for any person to park or leave standing, or permit or cause to be parked or left standing, any vehicle in any limited parking area beyond the limit so set.

"Section 3o. It shall be legal to park in spaces provided with parking meters, without depositing coins in said meters,

at times other than those specified in Section 3 of this Ordinance, provided such parking does not conflict with other ordinances of said City."

3. Further amend Section 8 of said Chapter XIV of said General Ordinances by striking out all of said Section 8 between a point one hundred feet easterly from North Main Street and North Main Street";

4. Further amend Section 13 of said Chapter XIV of said General Ordinances by striking out all of said Section 13 and inserting in its place thereof the following new section:

"Section 13. All vehicles entering Wakefield Street from Central Square shall pass to the east of the plot of ground upon which is erected the Parson Main Monument, and no vehicles entering Central Square from said Wakefield Street shall pass to the west of said plot of ground."

5. Further amend Section 15 of said Chapter XIV of said General Ordinances by striking out all of said Section 15 and inserting in its place the following:

"Section 15. No vehicles shall be allowed to stand or park upon either side of Union Street between Wakefield Street and North Main Street."

6. Further amend said Chapter XIV of the said General Ordinances by adding the following new section:

"Section 18. No person shall be allowed to park or cause to stand a bus in any area designated for the parking of buses or in any other area upon the streets of the City of Rochester for more than ten minutes altogether."

Passed September 2, 1947.

AMENDMENT TO TRAFFIC ORDINANCE

Be it ordained by the Mayor and City Council of the City of Rochester: That Chapter XIV, Section 8, of the General Ordinances as amended September 2, 1947, be further amended by striking out all of Section 8, Chapter XIV, and inserting in the place thereof the following new section:

"Section 8. No vehicle shall be parked or left standing within the City of Rochester upon the following portions of streets: Northwesterly side of Pine Street between a point two hundred and fifty feet southwesterly from North Main Street and North Main Street to Congress Street from Central Square to Arrow Street; easterly side of Congress Street from Arrow Street to Charles Street; southeasterly side of Liberty Street between a point fifty feet westerly from South Main Street and South Main Street and a point fifty feet easterly from Charles Street and Charles Street; northwesterly side of Liberty Street between South Main Street and Charles Street; Hanson Street on the northerly side between a point fifty feet easterly from Central Square and Central Square; Sturtevant Court; Linscott Court; on the southwesterly side of Central Avenue between Hanson Street and Portland Street; southerly side of Bridge Street between River Street and North Main Street; nor within ten feet of any fire hydrant."

Passed October 7, 1947.

RESOLUTION TO PURCHASE NEW POLICE CAR

Be it resolved by the Mayor and City Council of the City of Rochester: That the Police and Purchasing Committees be appointed as a special committee to purchase a new Police car and to trade in our present Police car; and that they be further authorized not to exceed the amount of \$500.00, the same to be taken from the Police Budget; but should there not be an equivalent sum in the above Budget at the end of the year 1947, the same to be paid from the unexpended balance of any other budget as of December 31, 1947.

Passed November 5, 1947.

**RESOLUTION TO PURCHASE BURIAL LOT FOR
WORLD WAR II MEMBERS**

Be it resolved by the Mayor and City Council of the City of Rochester: That the sum of twenty-five hundred (\$2,500.00) dollars be and hereby is appropriated from the Revenue Surplus Account for the securing and maintenance of a lot for the burial of members of the armed forces who died during World War II, and for the erection thereon of a suitable memorial or marker.

That a special committee be appointed by the Mayor to carry out the provisions and purposes of this resolution.

Passed November 5, 1947.

**RESOLUTION TO DEED TO A. E. CHASSE ROBERT
AND LUCY STREETS**

Be it resolved by the Mayor and City Council of the City of Rochester: That

WHEREAS, on November 6, 1946, this Honorable Body did vote to accept from A. Edward Chasse three (3) certain rights of way, and

WHEREAS, by vote of this Honorable Body on December 5, 1946, those three (3) certain rights of way were named Lucy Street, Robert Street and Chasse Street, and

WHEREAS, by deed dated December 2, 1946, the said A. Edward Chasse and Lucy Chasse did convey to the City of Rochester three (3) certain tracts of land over which had been laid out the three (3) said streets, and

WHEREAS, the housing development which was proposed for the said area known as "Strafford Park" has been altered as to its layout so that the said Lucy Street and said Robert Street are no longer to be used as rights of way, and

WHEREAS, it is the plan and desire of the said A. Edward Chasse and Lucy Chasse to convey other rights of way over said lands in accord with a revised plan;

NOW THEREFORE, be it voted that the City of Rochester by its Mayor reconvey to the said A. Edward Chasse and Lucy Chasse those tracts of land over which have been laid out certain highways, the same being known as Robert Street and Lucy Street.

Passed November 28, 1947.

**RESOLUTION TO REIMBURSE PROPERTY OWNERS
PART OF 1947 TAXES WHO LOST THEIR HOMES
DURING OCTOBER FIRE**

Be it resolved by the Mayor and City Council of the City of Rochester: That the sum of \$421.11 be taken from the unexpended balance of the 1947 Budget; and if there is not a sufficient sum in this unexpended balance, the same shall be taken from the Revenue Surplus to reimburse the property owners who lost their homes during the October fire, for the amount that they have paid to the City of Rochester for 1947 taxes. The names of the owners and the amounts of the taxes are listed below.

Fred Moulton	\$14.20
Mary J. Tebbetts	7.57
Emma Tebbetts	8.87
Roderick MacLeod	26.62
Frank Palmer	44.37
Eben Tompson	26.62

Ernest Turmelle	21.30
Harry Paquette	26.62
George Gagne	44.37
Paul Vittum	3.55
Josh Studley	60.35
Total	\$421.11
Passed December 4, 1947.	

RESOLUTION TO TRANSFER BALANCES

Be it resolved by the Mayor and City Council of the City of Rochester: That if found necessary in closing the accounts of the year to transfer from a Department where there is a balance to a Department where there is a deficit, the Committee on Finance be authorized to make such transfer.

Passed December 4, 1947.

FINANCIAL STATEMENT

To the Honorable Mayor and City Council, Rochester, N. H.:

Gentlemen:

I submit the following report of the financial condition of the City of Rochester as of the close of business December 31, 1947. The report follows the same general form as in previous years.

Exhibits A to D reflect the financial statements as of the close of the year. The various schedules show in detail the accounts that are reflected in the final balance sheets.

The total Funded Debt shows an increase of \$79,500.00 which is accounted for as follows:

New Issues:

Highway Construction Notes	\$68,000.00	
Sewerage Construction Notes	29,000.00	
		<u>\$97,000.00</u>

Notes Paid:

City Hall Notes	\$2,500.00	
Highway Construction Notes	4,000.00	
Public Library Notes	4,000.00	
Sewer Construction Notes	2,000.00	
Water Construction Notes	5,000.00	
		<u>17,500.00</u>

Increase	<u>\$79,500.00</u>
----------------	--------------------

The total Funded Debt as of January 1, 1948, is \$212,257.12, divided as follows:

Water Debt (Payable from Water Revenue)	\$23,000.00
Municipal Debt (Payable from Reserve for Retirement of Funded Debt)	27,257.12
Payable from future Tax Levies	162,000.00
	<u>\$212,257.12</u>

The Budget Operations show a balance in excess of charges of \$14,593.96, accounted for as follows:

Excess of Revenues over Estimates	\$8,899.40
Excess of Appropriations over Charges	5,694.56
	<u>\$14,593.96</u>

The report of the Water Department shows a loss for the year of \$30.51. This is due to the fact that there has been a special non-recurring expense for the Auxiliary Water Supply Investigations relative to Gravel Pack and Deep Wells amounting to \$6,358.48.

I believe the accompanying exhibits and supporting schedules reflect fairly the financial condition of the City of Rochester on December 31, 1948.

Respectfully submitted,

J. STACY TRIPP,
City Accountant.

RESOLUTION

July 14, 1947

Be it resolved by the Mayor and City Council of the City of Rochester: That there be raised and there is hereby ordered to be raised, with such overlay as may be found necessary, on the polls and ratable estates within said City the sum of \$487,543.36 to defray the necessary expenses of the City for the coming year, which together with the sums which may be received from various sources is hereby appropriated.

D. ARLENE BAKER,
City Clerk

State of New Hampshire
County of Strafford, SS.

Subscribed and sworn to before me this 16th day of July, 1947.

J. STACY TRIPP,
Notary Public.

Tax Collector

1928 — 1947

A Faithful and Conscientious Public Servant

REPORT OF SUPERINTENDENT OF WATER WORKS

For the Year Ending December 31, 1947

To the Committee on Water Works:

Gentlemen:

The fifty-sixth annual report of the Water Department is herewith submitted.

The source of supply during the year: Reservoir.

Water Main Extensions

Patton Street, six-inch water main extended 931 feet.
Brock Street, six-inch water main extended 302 feet.
Washington Street, six-inch water main extended 459 feet.
Summary of six-inch pipe laid in 1947—1,692 feet.

Small Service Mains Installed

Galvanized Steel Pipe Laid

Autumn Street, 2½-inch	833 feet
Hoyt's Court, 2-inch	258 feet
Janet Street, 2-inch	250 feet
Dewey Street, 2-inch	313 feet
Jenness Street, 2-inch	120 feet
Sherman Street, 2-inch	138 feet
Elizabeth Street, 2-inch	96 feet
Glenwood Avenue, 1½-inch	139 feet
Old Dover Road, 1½-inch	291 feet
Hunter's Court, 1½-inch to 2-inch	196 feet
Lenzi Court, 1¼-inch	140 feet
Railroad Avenue, Gonic, 1-inch	218 feet
Autumn Street, East Rochester, 1-inch	248 feet
Summary of pipe for small service mains laid in 1947	3,240 feet

New Sprinkler System Installed

Hubbard Shoe Co., Linscott Court, six-inch line.
F. L. Kendall Co., So. Main Street, six-inch line.

New Hydrants Set in 1947

Patton Street, 1 Corey 4-inch Gate, 1 Ludlow 4-inch Gate.	
Washington Street, 1 Corey 4-inch Gate.	
Number of hydrants set in 1947	3
Total number of hydrants installed to date	310
Rochester	229
East Rochester	43
Gonic	32
South Lebanon, Me.	6

All hydrants were inspected during the year and necessary repairs made.

Wet hydrants were treated during the winter to prevent freezing.

Service Department

New service laid in 1947	115
Services to date	2,869
Services relaid in 1947	21
Services turned on	52
Services shut off	47
Service leaks repaired	26
Mains leaks repaired	11
Services thawed	3
Drinking fountains repaired	3
Mains tapped for Dover	1
Mains tapped for Somersworth	5
Mains tapped for Alton	7
Mains tapped for Wolfeboro	1
Mains tapped for Farmington	2
Mains tapped for Meredith	1
Cellars pumped out	18
Wells pumped out	10
Hydrants repaired	3

Summary of Service Pipe Laid in 1947

Brass pipe size 2-inch	122 feet
Brass pipe size 1½-inch	130 feet
Brass pipe size 1-inch	429 feet
Brass pipe size ¾-inch	4,321 feet
Galvanized pipe size 2-inch	12 feet
Galvanized pipe size 1½-inch	184 feet
Galvanized pipe size 1¼-inch	169 feet
Galvanized pipe size 1-inch	856 feet
Galvanized pipe size ¾-inch	1,194 feet
Total	7,417 feet

Meter Department

New meters set in 1947	78
Meters in use, 1947	2,543
Meters removed in 1947	127

General Maintenance

F. M. Valves inspected during the year. Regular inspections of the water supply were made during the year to keep the water storage systems in the best possible condition at all times. Samples of water from the system were sent frequently to the State Laboratory of Hygiene for analysis. Their reports on the quality of water have been very satisfactory. The Ranney Water Collector Corporation of New York was engaged to make a Hydro-Geological survey to determine the feasibility of constructing an auxiliary water supply capable of supplying the present and anticipated future demands of the city. The survey started May 26th and was completed July 15, 1947. During operations three areas were investigated. The area nearest the City was considered the most practical as substantial savings in pipe lines, pumping and general operating expense would result. The sinking of seven test holes were made by driving six-inch cast iron pipe to a depth of 94 feet to determine the character of the underground formation. The next step was a laboratory analysis of the sand sample to obtain the average coefficient of permeability of the various strata. Also chemical and bacteriological analysis of water samples taken from test were made to determine the quality of the water. The field pumping tests were made for several days to check the permeability factors obtained by laboratory analysis. The recording of the water table fluctuations to establish contact between a replenishable surface supply and the underground reservoir completed the survey which proved every indication of having an abundance of water in the above area. Also the various chemical analysis of the water show that all characteristics are very satisfactory except an iron content which the State Director of Sanitary Engineering opposed. Therefore condemning the supply in its present stage for domestic use. I would recommend that the above test holes be given a longer pumping period to see if the iron content could be reduced to the proper limit allowable by the State Board of Health.

Respectfully submitted,

GEORGE D. DAME,
Superintendent.

REPORT OF SUPERINTENDENT OF SEWERS

For the Year Ending December 31, 1947

To the Committee on Sewers:

Gentlemen: The annual report of the Sewer Department is herewith submitted:

Number of permits given to do plumbing in 1947	81
Number of new connections in 1947	117

Main Extensions:

Wiley Street			
6-inch sewer main extended	921 feet	2 manholes	
Hoyt's Court			
6-inch sewer main extended	234 feet	1 manhole	
Harvard Street			
6-inch sewer main extended	568 feet	2 manholes	
Yale Street			
6-inch sewer main extended	568 feet	2 manholes	
Hoover Street			
6-inch sewer main extended	830 feet	3 manholes	
Haig Street			
10-inch sewer main extended	567 feet	2 manholes	
Haig Street			
6-inch sewer main extended	158 feet	1 manhole	
Lagasse Street			
6-inch sewer main extended	631 feet	2 manholes	
Patton Street			
6-inch sewer main extended	920 feet	5 manholes	
Morrill Court			
6-inch sewer main extended	162 feet		
Jenness Street			
6-inch sewer main extended	130 feet		
Sherman Street			
6-inch sewer main extended	128 feet		
Portland Street			
10-inch sewer main extended	3,861 feet	14 manholes	
Portland Street			
8-inch sewer main extended	170 feet		
	<hr/> 9,848 feet	<hr/> 34 manholes	

Number of feet of service Akron pipe laid	6,137
Number of feet of service soil pipe laid	585
Number of connections to date	2,763
Number of connections cleaned in 1947	33
Number of septic tanks cleaned in 1947	2

Respectfully submitted,

GEORGE D. DAME,
Superintendent.

REPORT OF CITY MARSHAL

To the Honorable Mayor and City Council:

Gentlemen: I have the honor to submit for your consideration the following report of the activities of the Rochester Police Department for the year ending December 31, 1947.

SUMMARY OF ARRESTS

Criminal Arrests

Arson	1
Assault	12
A. W. O. L., U. S. Army	1
Bastardy	2
Brawl and tumult	9
Civil Capias	1
Contempt of court	1
Cruelty to a minor child	1
Disorderly conduct	5
Disturbing the peace	4
Drunk and disturbing the peace	239
Discharge fireworks, without a permit	2
Entered woodlands in violation of Governor's proclamation	1
Escaped New Hampshire State Industrial School ..	1
Escaped Strafford County House of Correction ...	1
Evaded taxi fare	3
Hunting out of season	1
Indecent exposure	1
Impersonating an officer	1
Jacking deer	2
Larceny	14
Larceny by check	2
Malicious destruction of city property	1
Neglect of child	2
Non-support	5
Suspicious person	2
Unnatural act	1
Trapping in closed woodlands	1
Violation of State Board of Health, milk regulations	1
Total criminal arrests	318

MOTOR VEHICLE ARRESTS

Allow an improper person to operate a motor vehicle	1
Fail to furnish proof of financial responsibility	4
Fail to keep right of the traveled way	2
Fail to have motor vehicle inspected	21
Inadequate brakes	2
Improper parking	1
Leaving the scene of an accident	4
Operating a motor vehicle under the influence of liquor	22

Operating a motor vehicle without a license	11
Operating an improperly registered motor vehicle .	4
Operating a motor vehicle after license had been re- voked	2
Operating a motor vehicle with an unregistered trailer attached	1
Speeding	33
Stop sign violations	9
Taking a motor vehicle without consent of owner ..	1
Transport an unprotected woodsaw	1
Unregistered motor vehicle	2
Total motor vehicle arrests	121

TOTAL ARRESTS

Motor vehicle arrests	121
Criminal arrests	318
Whole number of arrests	439

ARRESTS WERE MADE BY:

Rochester Police Department	364
Strafford County Sheriff's Office	8
New Hampshire State Police	21
Motor Vehicle Department	28
New Hampshire State Board of Health	2
Milton Police Department	11
New Hampshire Fish and Game Department	5
Total number of arrests	439

ARRESTS CLASSIFIED AS:

Male	415
Female	24
Total	439
Juvenile complaints, not entered as criminal com- plaints	28

DISPOSITION OF ARRESTS

Appeared in Municipal Court	302
Complaint nol-prossed	5
Defaulted bail	4
Committed to House of Correction on old mittimus	6
Released without trial, after safekeeping	110
Returned to House of Correction	1
Returned to Industrial School	1
Turned over to U. S. Army	1
Turned over to Sheriff, Strafford County	2
Turned over to Farmington, N. H., police	2
Turned over to Portland, Maine, police	1
Turned over to York County, Maine	1
Turned over to Franklin, N. H., Police Department .	1
Turned over to Epping, N. H., police	1

Returned to the State of Maine	1
Total number of arrests disposed of	439

MISCELLANEOUS ACTIVITIES

Buildings found unlocked at nighttime	197
Aids rendered: Payroll escorts; funerals, etc.	238
Complaints investigated	977
Aids to other departments	150
Accidents investigated	226
Number of deaths resulting from automobile accidents	4
Animals killed at the request of owners	38
Lodgers put up at the police station	324
Parking violation tags issued	1,549
Money received from parking fines	\$335.00
Money received from parking meters, September, October, November, December	\$6,094.64

Amount of money received from court costs, fines, and fees may be found in the annual report submitted by the Clerk of the Rochester Municipal Court.

The year just past saw many changes and I believe improvements in the Police Department. In September, 1947, parking meters were installed in the business district of Rochester, and I believe that they have provided a definite advantage for both the shopper, looking for a place to park, and for the business men. In February, 1947, our new ambulance was delivered and has on many occasions, since that time, proved its value. A motor powered painting machine was acquired by the department during the summer of 1947 and has not only done a better job of painting parking lines but has also greatly reduced the costs of this annual job. It became necessary to turn in our 1946 model cruiser, and we were able to do so from our budget without asking for an additional appropriation.

The Police Department is constantly being asked to provide more and varied services; in recent months the villages of Gonic and East Rochester have requested more police service than is now provided. The policing of parking meters has added additional duties, not only seeing that they are properly checked, but also that they are properly maintained. In reading this annual report it will be noted that the number of criminal arrests increased slightly over that of 1946, and that although the number of motor vehicle arrests were greater in 1947, than in 1946, we had four motor vehicle deaths in 1947, where we had three in 1946.

In order that we might be better able to provide greater service in 1948, the costs of an additional car, and the cost of additional man power have been included in this department's proposed budget for 1948. Even with the new requests in our 1948 budget, an effort has been made to keep our budget down, and I am sure that a comparison of our budget with another city of the size of Rochester, will prove that our costs are well below the average.

In closing, I would like to take this opportunity to thank His Honor the Mayor, the members of the Police Committee, and the City Council for the fine cooperation and assistance extended to this department in the past year. I want also to express my appreciation to the members of the police department for the manner in which they have carried on their duties.

This department is also indebted to the Court, the City Solicitor, and to the various other State, County, and Municipal departments for the cooperation and assistance extended to us during the year 1947.

Respectfully submitted,

THOMAS K. REDDEN,
City Marshal.

REPORT OF CITY SOLICITOR

To the Mayor and City Council of the City of Rochester:

During the year ending December 31, 1947, the first year in which I have been privileged to serve you as City Solicitor, it has been my privilege to attend your regular as well as special Council meetings and render advice and counsel as the occasion may have demanded. In addition, I have been called upon by the heads of the several departments of the City to render legal opinions on many diverse questions which opinions I have been very happy to give and hope that the same may have been of some service.

During the past year it has been my privilege to assist in the drafting of new legislation, such as the Zoning Ordinance and the amendments to the Traffic Ordinances providing for parking meters.

Of the several claims presented to the City and upon the legality of which I have given you my opinion, there has been one upon which legal action has been brought and which is now pending in the Superior Court for Strafford County. This case, however, in all probability will be settled in the very near future.

Several conferences were held prior to the close of the year with reference to the claim of the City of Rochester for moneys expended in fighting the great fire of October, 1947, and it is hoped that during the coming year some satisfactory settlement or adjudication can be achieved.

Undoubtedly, the most time consuming but without question, the most interesting of the duties performed by your City Solicitor during the past year, has been in the prosecution of the criminal cases brought before the Municipal Court. In this capacity as prosecutor, I would compliment Marshal Redden

and the members of the Police Department as well as Judge Emery and the Clerk of the Municipal Court for their splendid cooperation.

I would at this time also express my appreciation for the assistance given me by the Honorable Mayor and the gentlemen of the City Council, as well as the members of the various City departments, in this my first year as City Solicitor.

Respectfully submitted,

RICHARD F. COOPER,
City Solicitor.

REPORT OF CLERK OF MUNICIPAL COURT

To the Honorable Mayor and City Council, Rochester, N. H.:

I herewith submit a statement of the condition of the finances of the Rochester Municipal Court as of December 31, 1947.

RECEIPTS

Cash on hand January 1, 1947	\$62.95	
Balance in checking account January, 1, 1947	19.97

Juvenile cases	28	
		<hr/>
Total civil cases		90
Total number of cases		<hr/>
		392

VICTOR CARDOSI,
Clerk.

This is to certify that I have examined the accounts of Victor Cardosi, Clerk of Municipal Court of Rochester, for the year ending December 31, 1947, and I find them as set forth in the above statement with all payments to the Treasurer and otherwise properly receipted for, together with a cash balance on hand of \$40.52, and checking account balance of \$7.85.

JUSTIN A. EMERY,
Justice.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Mayor and City Council, Rochester, N. H.:

Gentlemen: I herewith submit my report for the year ending December 31, 1947.

I have inspected the scales at stores, shoe shops, grain mills, laundries, hospital, and the Boston & Maine freight, baggage and express scales. Also I inspected those of farmers, poultry dealers, junk dealers and ice and coal dealers.

Also gasoline pumps have been inspected and sealed. Also measured wood dealers' trucks.

Respectfully submitted,

JAMES B. CALLAHAN,
Sealer of Weights and Measures.

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT

To the Honorable Mayor and City Council of the City of Rochester:

Gentlemen: In rendering my report of the Fire Department for the year ending December 31, 1947, I will state that our fire losses were the average for the year with the exception of the conflagration which we had last October which we were fortunate it was no worse, therefore we should be prepared for whatever emergency may arise by having up-to-date equipment.

At this time it seems advisable for the city to consider replacing the trucks in East Rochester and Gonic.

There were 373 alarms in the City of Rochester which consisted of 23 box alarms, 336 still alarms, 3 Engineer calls, 11 brush fire calls of which there were 34 brush fires, 27 car fires, 1 ambulance call, 8 out-of-town calls, 23 calls in East Rochester, 45 calls in Gonic.

There were ten false alarms in East Rochester and two false alarms in Gonic.

The estimated value of buildings and contents damaged by fire:

Estimated value of buildings	\$101,100.00
Insurance on same	214,100.00
Insurance paid	21,409.21
Estimated value of contents	554,361.38
Insurance on same	541,660.00
Insurance paid	20,318.98

This insurance report is not complete.

At this time I wish to express my appreciation to His Honor the Mayor, members of the City Council, Committee on Fire Department, the Police Department, the Board of Deputies, and members of the Department, and to all other persons who have rendered us help throughout the year.

Respectfully submitted,

RALPH G. SEAVEY,
Chief Engineer.

REPORT OF BOARD OF HEALTH

To the Honorable Mayor and City Council of the City of Rochester, N. H.:

We hereby submit our report for the year ending December 31, 1947:

Number of infectious or contagious diseases reported:	
Scarlet fever	14
Measles	7
Chicken pox	55
Whooping cough	15
Tuberculosis	4
Scabies	20
Impetigo	11
Pediculosis	40
Spinal meningitis	0
Undulant fever	0
Diphtheria	0
Poliomyelitis	0
Typhoid fever	0
Three diphtheria clinics—128 attended.	
Three tuberculosis clinics—93 attended.	
Three whooping cough clinics—128 attended.	
Mental hygiene clinics—101 attended.	
Medical clinics for pre-school—141 attended.	
Number of deaths excluding stillbirths	184
Number stillbirths	19
Number of deaths from cancer	34
Number of deaths from pneumonia	12
Number of deaths from tuberculosis	1
Cardio-vascular-renal diseases	74

It will be noticed that there were no deaths from measles, scarlet fever, typhoid fever, diphtheria and gastro-enteritis, the so-called "cholera infantum" which diseases formerly constituted a large proportion of the causes of death.

Again we wish to call attention to the number of deaths from cancer, and warn everybody to seek the advice of his physician at once in any suspicious case.

Respectfully submitted,

FORREST L. KEAY, M. D.,
CHARLES E. GOODWIN, Health Officer,
CHARLES E. MOORS, M. D.

REPORT OF OVERSEER OF POOR

To the Honorable Mayor and City Council of the City of Rochester:

The following list shows the names and the amount of direct relief furnished each applicant by the City of Rochester for the year ending December 31, 1947:

Mrs. Clifford Bilodeau	\$64.30
John Durgin	1.25
Wilfred Doyon	76.40
Stephen E. Howard	33.00
Nellie Cullen	198.60
Mrs. John Demeritt	234.91
Mary Robichaud	316.00
William York	138.25
Chester F. Whitney	294.75
Gilbert C. Clough	86.81
Arthur E. Morrill	26.00
Joseph P. LaFrance	105.12
Mary Dionne	24.70
Louis LaFontaine	28.00
Fred Ryder	174.50
William Langevin	53.00
Lucille Weymouth	102.69
George McClure	50.00
Grace Garland	16.50

To the Honorable Mayor and City Council:

Gentlemen: At a meeting of the trustees of the Rochester Public Library, January 19, 1948, it was voted that the reports of the secretary, librarian and treasurer be presented to the city council as the annual report of the trustees for the year 1947.

J. STACY TRIPP,
Secretary.

April 22, 1947

Mrs. J. Levi Meader
Gonic, N. H.

My dear Mrs. Meader:

At the meeting of the Trustees of the Rochester Public Library, held April 21, 1947, the Secretary of the Board was instructed to convey to you and your family our sincere sympathy for the loss you have sustained in the passing of your husband and father.

We realize that words are only a weak tribute at such a sorrowful time as this, and yet they seem to be the only means of expressing our sympathy to you all, and our own sorrow in the loss of a friend.

We sympathize with you truly.

Mr. Meader's service to his City and his State must always remain a source of great satisfaction to you all.

His service to the business community and especially to the people of Gonic, will, we are sure, be held in loving remembrance by all citizens of Rochester and especially by those of your own community, which he loved and ever strove to serve.

His many years as a Trustee of the Public Library; his devotion to its welfare, will always be remembered by all the Trustees who served with him and by the library staff.

Very sincerely yours,

J. STACY TRIPP,
Secretary of the Trustees.

Copy of the resolutions forwarded to Mrs. Meader by vote of the Board of Trustees.

REPORT OF LIBRARIAN

To the Board of Trustees of the Rochester Public Library:

Gentlemen: The fifty-fourth annual report of the administration and work of the library for the year ending December 31, 1947, is herewith submitted.

As reports are not our sole means of publicity we will only attempt to tell briefly how the library was used in 1947. The newspapers have weekly given generous space to list new books added, activities of all departments and gifts. The statistical report gives use, growth and expenditures in accurate figures. The following will summarize the year by departments.

CIRCULATION

Two-thirds of Rochester's people are not availing themselves of the privileges to which their taxes entitle them as residents of this city. Therefore, the objective for 1948 will be to attract a goodly number of those 8,508 people to the advantages which 42,464 books can offer. The circulation reached a total of 63,520 and would have shown a substantial gain over that of the previous year had Gonic been represented by their yearly average of 2,500. That reduced the over-all figure but the record from the main counter shows an increase of 3,091 books given out.

ADULT DEPARTMENTS

In a library of this size the main artery is the delivery counter; that one counter serving the reference room, reading room, periodical room and basement rooms where state and city documents, files, etc., are ready for use. And the three assistants at this counter must be readers' advisers, reference librarians, cataloguers and clerical workers. After some experience with attending 3,504 borrowers and with plenty of observation the staff members develop the instinct of prediction. They know that the little boy with the big bag wants ten to fifteen *new* mystery stories for his mother at least three times each week. With a total of 42,464 books in the library and a small percentage of those mysteries, the attendants have to be really ingenious to always fill that bag and feel satisfied that that mother has her weekly supply of reading. They know the well informed business woman who, for complete relaxation, reads and re-reads Kathleen Norris. By the sly little smile on entering, the girl at the desk knows it's relaxation instead of business and immediately goes five stacks to the right and comes forth with 13N's. The office worker who has always been a devotee of everything Russian and often gets a book like "I Chose Freedom" gently pushed her way. These and hundreds more add the human interest to the profession and is the happy part of circulation work.

The reference room has been the busiest place again this year. And the room is far too small for the demands made upon it. We wish that painter who has received so much publicity for actually creating more space by the use of just the right paint could perform that magic here and push the walls outward and rear shelves. Two thousand three hundred thirty five readers have used the room and 1,335 questions have been given personal help, 796 over the figure of last year. Again, too, the college student, forced to commute, has depended on the home library for his advanced research and every source was made available to him, supplemented by excellent loan service from the State Library.

One thousand six hundred and forty-six books, pictures and pamphlets have circulated to teachers for school use. A gratifying increase when we compare it with the 118 figure of 1945. Much improvement could be hoped for and better service rendered if, when possible, the teachers could give advance notice to the library of their class requirements.

Classes from the junior high school and troops from the

Girl Scouts have received instructions on library procedure, the use of the card catalogue and reference room. Exhibits have been held and several special Book Weeks observed.

The cataloguing, all done in the busy area of the delivery counter, is the major part of all clerical work. The assistant librarian has made over 4,100 cards for new books added. The long-range project started last year of replacing the old form of hand-written card with the more detailed and therefore more helpful typed card had to be suspended this year because of lack of sufficiently trained help. Cataloguing first requires a good judgment of the volume being catalogued, a working knowledge of demands which may be made for that book, complete accuracy of typing and inexhaustible patience. Other clerical work has included books prepared for agencies, for the bindery, hundreds of unmounted pictures grouped according to subject headings for future mounting, pamphlets and periodicals filed and books discarded. Books discarded was to have been extensive this year but was curtailed discouragingly by lack of help.

CHILDREN'S DEPARTMENT

The magical painter should work on this room, too. Three thousand three hundred and fourteen readers have enjoyed the crowded room and 13,753 books borrowed. Lacking the magician the librarian and children's librarian devoted three weeks to a careful survey of the books. Had they been read during the last ten years? Would they, if given a less cramped space on the shelf, be read tomorrow? Many more angles were considered but economy of space prevents lengthy reporting. However, 5,714 books were individually judged, 378 were discarded, and 1,350 are in the basement pending a possible demand or future discarding. Many books were graded, those suitable for the nine to twelve year age given a special corner, a reference collection for junior high people made, with a new edition of Compton's encyclopedia added, and it is hoped to find a shelf or a corner next year for the teen-age collection. The work with the children is high geared. Competition is keener than ever. Moving pictures and comics are attractive and require less time than book-reading. Book-reading must be stimulated. Story hours during the summer months were enjoyed each week, Mrs. Grace Brock generously offering to be the reader. Miss Whipple, Miss Pearson and Mrs. Redlon of Maple Street School, together with Mrs. Evans, planned reading contests during the vacation months. The first three grades lose much of their knowledge of words and reading during their long vacation and these teachers reported that those children participating in the contests were ready to continue their reading in September with little or no review work.

AGENCIES

Miss Steadman at the East Rochester agency has circulated 1,416 books from the Rochester collection. This collection only supplements the small permanent library maintained in this ward. With two distinct records of circulation to keep we wish to commend Miss Steadman for her accuracy and for her at-

tention to the physical care of the Rochester books. The number sent there each month, except August, was increased this year from 75 to 100 books. We regret that to date no person has been secured to accept the supervision of the agency in Gonic. The trustee from that ward has interviewed several capable people and the need for a community branch there is urgent. It served, for the most part, children up to twelve years of age and none of these young readers are using the main library.

PERSONNEL

The library is extremely fortunate in having three assistants who have given many years to its service. With the shifting parade of junior assistants the burden of the year has been lessened because of these experienced workers. Compensation commensurate with such experience and devotion to the profession must be given. Evening hours and Saturday work is not attractive to applicants. An appointee works possibly three months and finds the hours and pay less attractive than anticipated and leaves to join workers in private industry. There are certain standards to be maintained in selection of applicants: educational, temperamental and adaptable qualifications. These standards, if maintained, must be recognized financially. Miss Baril was welcomed back to her position in April after a five-months' leave of absence. The following are the staff changes during the year:

Resignations:

Mavis E. McGrath, March 31, 1947
Mabel A. Hartford, October 21, 1947
Maude B. Place, December 1, 1947

Appointments:

Mavis E. McGrath, December 26, 1946
Mabel A. Hartford, January 6, 1947
Evelyn A. Evans, October 15, 1947
Phyllis J. MacKay, October 15, 1947

ACKNOWLEDGMENTS

The librarian appreciates the loyalty and cooperation of each and every staff member, especially thanking those who donated so many hours of extra work that the best possible service might be given to the public. The Mayor and members of the Board of Trustees have constantly kept the welfare of the library paramount and have been generous with wise counsel and friendly support. We thank them. We regret the impossibility of printing the personal list of donors and so collectively thank them.

CONCLUSION

Much could be written about the high prices and lack of funds. Any service institution is always in financial difficulties. Opportunities are beyond means. According to standards for New Hampshire libraries the per capita minimum for operation of a library in a town or city with over 3,000 population is set at \$2.00. Our operation costs are \$1.18. We wish we might anticipate the minimum.

Respectfully submitted,

E. VELMA FOSS,

January 19, 1947.

Librarian.

C. EDWARD GOODWIN

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Rochester School Board:

I herewith submit my annual report as superintendent of the Rochester Schools. This year marks the fifth that schools in Rochester have been under my supervision. This report is the fifty-sixth in the series of such reports. Appended are the reports of the headmaster of Spaulding High School and the school nurse.

The conflict of ideologies which is today racking the world makes quite evident to those responsible for education in the United States the paramount need for a type of education which will lead to the development of competent citizens of our democracy. The development of citizens who are jealous of their rights as individuals but conscious of the high degree of personal obligation to society which is necessary if democracy is to survive is imperative.

Any careful thought concerning democracy, contrasted with other forms of political, social, and economic organization, gives evidence of the fact that in a democracy the individual is the important element. It therefore follows that any sound system of education developed in keeping with the ideals of our free America must be focused upon the realization of the potentialities of each individual child for himself and for society.

A program of education consonant with this philosophy must include, first, sound training in democracy pointing toward the inculcation in the individual child of a faith in our way of life, and a realization of the responsibilities entailed therein. Such knowledge is to be gained not only through study but through practice in democratic living. Second, and of equal importance, is the fact that our educational offering must be made sufficiently flexible to meet the needs of each individual child.

In meeting this challenge in the Rochester schools it is our plan to begin early to give the child opportunities to practice democratic living and to expand these opportunities as he matures. In the elementary grades emphasis is placed on experiences involving self-control, working together in groups, and the acceptance of responsibilities; in the junior and senior high schools opportunities for actual self-government are provided, particularly in the field of extra-curricular activities, through the Junior High School Planning Board and the Student Activity Association of the senior high school.

The year 1947 has been a year of improvement in the Rochester school system. Several definite achievements, resulting from the cooperative efforts of the School Board and the faculties of the schools, which are covered in detail in other sections of this report, are listed below:

1. The adoption of a modern salary policy and salary schedule which recognizes such desirable principles as equal pay for elementary and high school teachers and equal pay for men and women and includes incentives for professional growth as well as liberalized sick leave provisions.

2. The extension of the School Lunch program to include all Rochester public schools.

3. The establishment of Parent-Teacher Associations in all Rochester schools.

4. The initiation of a course in Driver Education at Spaulding High School and the procurement of an instructor's car for use in the course.

5. The appointment of an administrative assistant to work with the junior high school group in an effort to meet the need for improved attitudes among this group.

6. The strengthening of the athletic program at Spaulding High School through the appointment of a competent coach to assist the Director of Athletics in the major sports.

7. The initiation of a program of private instrumental music instruction.

8. The establishment of an Administrative Council, made up of principals, department heads and representatives of the Rochester Teachers' Association, to work with the superintendent in the solution of school problems.

9. A re-appraisal of all school buildings and an increase in insurance coverage.

SCHOOL PERSONNEL

In my last report it was pointed out that there had been twenty-five faculty changes in the Rochester schools during 1946. The changes were attributed to two causes: first, the effect of the war as indicated by the return of teachers from the service, and second, the low salaries paid to teachers in Rochester and in fact, in most of New Hampshire, as compared with those paid in neighboring states.

Since January 1, 1947, there have been but eleven changes in our school faculties, nine in the high school and only two in the elementary schools. This is little more than the normal turn-over that can be expected from year to year and indicates that the Committee on Teachers and Salaries did an effective piece of work in their revision of the salary schedule.

A list of the teachers who left the system during 1947 and their replacements follow:

Name	School	Left Concluded Duties	Subjects or Grades
Alice Goodwin	High	January 8	English, Grades 7-8
Anne B. Worden	High	May 29	Latin, English
Carl G. Bartlett	High	June 20	Machine Shop
Elizabeth Bedard	High	June 20	English

Name	School	Left Concluded Duties	Subjects or Grades
Walter I. Fowler	High	June 20	Health and Science, 7-8
Helen MacLeod	High	June 20	History, English, 7-8
Edythe J. Piper	High	June 20	Domestic Science, 7-8
Everett Firth	High	June 20	Band
Alice Palmer Hendrick	Gonic	June 13	Grades 2-3
Belle T. Morse	E. Rochester	June 13	Grade 1
Walter L. Mirey, Jr.	High	July 7 Entered	Athletic Coach
Ruth P. Perkins	High	January 27	English, Grs. 7-8
Anne Webb	High	September 3	Latin, English
Harry W. Grierson	High	September 3	Machine Shop and Administrative Assistant Jr. High School
Irene N. Koski	High	September 3	English
Harold W. Thompson	High	September 3	Science, Grs. 7-8 Social Studies, 9-12 Assistant Coach
Edward H. Herman	High	September 3	Dir. of Athletics Science, Grs. 7-8
Martha W. Farris	High	September 3	Home Economics
William J. King	High	September 3	Instrumental Music and Band
G. Elaine Mahoney	E. Rochester	September 3	Grade 1
Doris T. Fernald	Gonic	September 3	Grades 2-3

At the end of the 1946-1947 school year Mrs. Gertrude McClintock resigned her position as School Lunch Supervisor to return to teaching and was replaced by Mrs. Cassie Richardson. Miss Norma Mooney was named as Mrs. Richardson's assistant and Mrs. Thelma Stevens was elected to the position made vacant by Mrs. Richardson's promotion. Mrs. Susan Gray replaced Mrs. Pearl Robbins as cafeteria employee during the year.

There were no changes in the janitorial staff of the schools during the year, either at the high school or in the elementary schools.

School enrollments have remained approximately the same for the 1947-48 school year as for the preceding year, 1,676 pupils having been enrolled in the schools on the first day in 1947 and 1,678 on the same day in 1946.

The results of the annual school census follow:

Number children, 5-16, boys, 1,103; girls, 1,033, total ...	2,136
Number children, 5-16, not in school	116
Number children, 5-16, in school	2,020
Number children registered in public schools, 5-16	1,412
Number children in parochial schools, 5-16	715

PROFESSIONAL TRAINING

It is only through continuous study that teachers can keep

abreast of the rapid developments in the field of education. In recognition of this fact the salary policy adopted by the Rochester School Board in 1947 provides that each teacher must accumulate at least four credit hours in approved courses in any four-year period; moreover, added compensation is given to teachers who receive the minimum or more credits in such courses. During the summer of 1947 nine faculty members attended summer school, and Mr. Cotton, Headmaster of Spaulding High School, served as an instructor at the University of New Hampshire. At the time that this report is being written some thirty Rochester teachers are working with Dr. Mildred Landis, State Supervisor of Fine Arts, in an extension course in Art Education.

CURRICULUM AND INSTRUCTION

Few changes have been made in the curricula of the schools during the year. The spelling system introduced at the beginning of the 1946-47 school year has been extended through grade six. Provision has been made for more effective work in science in the elementary schools. At the high school added emphasis has been placed on college preparation; the department heads have worked toward the coordination of the work in their various departments; also, steps preliminary to the offering of a course in Driver Education have been taken.

An increased use of audio-visual aids in their classes has been made by the teachers. Because of the facilities offered by Spaulding High School more use of these materials is made by teachers there than in the elementary schools. Sound and silent moving pictures, film strips, and slides are used in all schools as teaching devices. A recording machine presented to Spaulding High School by the class of 1947 has found good use, particularly in the English classes at that school.

Much thought is being given to major revisions in the offerings of both the elementary and high schools. In the elementary schools there is a definite need for a complete revision of the social studies program and a modernization of the methods of instruction. Some advance has been made in this respect in grades five and six of three of our schools where teachers have developed units of work combining the fields of history and geography. Further, increased flexibility is being permitted the teacher in the scheduling of her various subjects. Also, there is apparent a growing recognition on the part of the elementary teachers that the curriculum should be adapted to the child, not the child to the curriculum. Evidence of this fact is found in the number of reading groups at various levels appearing in our elementary grades.

In order to assure that our elementary schools may maintain a position on a par with those of other and similar communities, additional services should be provided for the teachers. This can best be done by the employment of an elementary school supervisor whose function it would be to coordinate the work of the elementary schools, to provide leadership in curricula reorganization, to provide testing and research service, and to act as a

counselor and adviser to whom the elementary teachers might take their professional problems.

Curriculum revision of an extensive nature is due at the high school. Rather than the minimum core that is now provided as general education it might be well to consider the wisdom, in the light of the complexity of our society, of expanding our basic studies to include two years of social studies and two years of general science. It is evident that the present "general education" offered to all pupils in grades nine through twelve should be expanded to include more than four years of English, four years of physical education, and one year of history if we are to achieve the first of the two major purposes indicated in the introduction to this report. Additions should also be made to the specialized offerings if the second of the objectives mentioned is to be better achieved.

In the matter of specialization attention must be given to the vocational needs of the sixty or seventy per cent of our high school graduates who do not enter various types of post secondary schools or follow up the vocation for which they received training in the industrial arts courses. The addition of courses in agriculture and distributive education to the present curriculum would go a long way toward meeting the needs of this group. Both of these courses are eligible for financial assistance from the federal government.

In order that the specialized offerings be effective it is quite necessary that improvements be made in our guidance and testing services. At the present time our Director of Guidance, responsible for counseling and directing the one thousand pupils at Spaulding High School, has but one-half her time to devote to the work. A minimum guidance and testing program in a school system such as ours requires the services of an additional person for at least one-half of his time and a much more extensive testing of pupil aptitude and achievement. To date that part of our testing service concerned most directly with guidance has been limited to intelligence tests in grades seven and twelve and to aptitude tests given in grade eleven.

HEALTH AND PHYSICAL EDUCATION

One major change has been made during 1947 which adds much to the contribution made by the schools to individual pupil health. Every elementary school has been equipped and staffed to provide a complete noon meal at low cost to pupils who stay at school during the noon hour. The program is federally subsidized. More than one-half of the pupils enrolled in the schools are taking advantage of the program.

A detailed account of the work of the school doctor and the school nurse is appended to this report. It might be pointed out here, however, that the Dental Clinic is being continued and also that full use has been made of the services of Dr. Anna Philbrook's Psychological Clinic.

A complete program of physical education is offered at Spaulding High School in grades seven through twelve. This

program does not, however, extend down through the elementary schools as it should in order to be most effective. The addition of one member to the present physical education staff would assure at least a minimum program for the younger children.

Competitive athletics, both intra-mural and inter-school, play an important part in the physical education program at Spaulding High School. Through the cooperative efforts of the Director of Athletics and the Director of Physical Education a comprehensive sports program is provided which goes far toward permitting participation in athletics by all pupils desiring to do so.

The physical conditions under which pupils work are of fundamental importance to their health. While the conditions in the Rochester schools are normally good, there are, nevertheless, two shortages which demand our immediate attention. I refer to the need for improved lighting and for the replacement of the school furniture in many of the elementary classrooms. The lighting, as is the case with ninety per cent of the school buildings in the country, is not up to what is now considered a reasonable minimum standard. Much of the school furniture now in use in the elementary schools dates back to 1900.

ADULT EDUCATION

It is the policy of the Rochester School Board to permit the use of the school plant for adult education and recreation. Classes and recreation groups are organized each year in those areas in which a demand is evidenced. During the current year classes are being held in typewriting, shorthand, sewing, and chair-covering. Recreation groups in men's basketball have also been organized. The Community Orchestra and the Community Forum both sponsored by the Community Activities Association have been given the use, without charge, of the school facilities, as have also the Sunset League, the Junior American League baseball team, and the Rochester Town team.

HOME AND SCHOOL RELATIONSHIPS

A good school system must have as its foundation a close relationship between the home and the school, the parent and the teacher. At the beginning of the current school year, as an effort to strengthen this relationship, five new Parent-Teacher Associations were initiated: four in the elementary schools not already having such associations, and one at Spaulding High School. Both parents and teachers have given their wholehearted cooperation to the project. It is our feeling that these associations will contribute significantly to the improvement of public education in Rochester.

In the matter of home and school relationships in its broader aspects a real contribution has been made during the year to education in New Hampshire by the Rochester members of the Strafford County Lay-Professional Council.

THE PHYSICAL PLANT

The Rochester school plant has been maintained in good condition during the year and certain improvements have been made. In addition to the usual maintenance work, the copper roof border at Spaulding High School was completed, additional lighting was provided for the gymnasium, certain of the outside trim was painted, and the auditorium ceiling was repaired. Some improvements were also made in the baseball diamond on the lower field.

A new fence and flagpole were installed at the School Street School, the grounds at Maple Street School were improved, desks were buffed and varnished where necessary in all of the elementary buildings, and certain interior painting was done at School Street School and Allen School.

As has been pointed out previously in this report, provision should be made for improved lighting in all of the elementary schools and improved seating in most of them. The heating systems at the Gonic and East Rochester schools should be replaced. The boilers in these schools have been in use for approximately fifty years and their condition does not justify repair. Provision should also be made for supplying hot water in the lunch rooms of the four elementary schools not so equipped and for grading and improving the school grounds at Allen School and East Rochester School.

Although our physical plant is adequate for the total number of pupils enrolled, a shift in population over a period of years has resulted in rather serious congestion in some of our schools and may make advisable a re-districting of the city. Maple Street School and East Rochester School, with enrollments of 177 and 186 children, respectively, present problems, particularly in the lower grades where individual attention to pupils is most desirable. Gonic School, with an enrollment of 112 pupils and a staff of five teachers, presents the opposite problem, that of justifying from a financial point of view, the continuance of single grades.

FINANCE

These are particularly difficult times for any tax-supported institution. Prices have risen and are continuing to rise so rapidly that it is only by refraining from supplying certain needed items and services called for in the school budget that deficits are avoided. Estimates made in January are of little worth the following December.

At the same time there is an increased demand for school improvements, both in the physical plant and in the services provided. Parents, following the war period during which their attention was concentrated on the war effort, are becoming increasingly attentive to the kind of educational offering which is made to their children and the physical conditions under which the children work. In Rochester this fact is evidenced by general demands for improved school lighting, for improved school seating, and for the extension of the physical education program

to the elementary schools; and further by the interest shown in the Parent-Teacher Associations.

Questions have arisen concerning the effectiveness of our college preparatory program and will arise in the future concerning such matters as kindergartens, special classes, and the vocational preparation of those youth who do not continue their education beyond the high school.

Elsewhere in this report I have pointed out certain improvements urgently needed in the physical plant, and certain curriculum changes which are imperative if we are to provide an education for our children comparable to that offered in other cities of our size in the state. Specifically, I recommended that school lighting and seating be improved in the elementary schools, that the heating systems at the Gonic and East Rochester Schools be replaced and that consideration be given to the offering of a course in agriculture and a course in distributive education at Spaulding High School, to the extension of the physical education program to the elementary schools, to the appointment of an elementary school supervisor, and to the improvement of the guidance and testing service. Also, a considerable expenditure should be made to replace the heavy machinery in the machine shop, much of which has been in use since 1924 including the period of day and night use during the war-training program.

For finance purposes these recommended improvements should be considered under two headings: first, those of a relatively permanent nature, and second, those which will recur from year to year.

Under the first of these headings would be included the following items and their estimated costs:

Improved lighting, elementary schools	\$10,000.00
Improved seating, elementary schools	6,000.00
Heating systems, Gonic and East Rochester	6,000.00
Shop and equipment for agriculture	2,000.00
Machine shop machinery	6,000.00
	<hr/>
	\$30,000.00

Under the second of these headings would be listed, with their estimated yearly costs and their costs as they affect the 1948 budget, the following items:

	Total Yearly Cost	1948 Budget Cost
Elementary supervision	\$2,500.00	\$800.00
Teachers of Agriculture and Distributive Education	3,000.00	1,000.00
Guidance and Testing	2,500.00	1,200.00
Physical Education, elementary schools	2,500.00	1,200.00
	<hr/>	<hr/>
	\$10,500.00	\$4,200.00

The appropriation for 1947 for the Rochester Schools was

\$248,700. Of this amount approximately \$200,000 was raised by taxation, \$31,400 was received from the state under the new state aid plan, and the balance came from tuitions and dog tax surpluses.

The major items of expenditure in round figures were, as follows:

Teachers' salaries	\$170,000.00
Janitors' salaries	17,500.00
Transportation	13,500.00
Fuel	9,000.00
Textbooks and supplies	8,300.00
Retirement	5,400.00
Light	4,500.00
Insurance	4,000.00
Repairs	3,500.00
State Supervisory tax	3,300.00
New equipment	2,500.00
	<hr/>
	\$241,500.00

For 1948 an appropriation of \$265,000 will probably be required to maintain our present school services. The cost of the improvements recommended above would seemingly add a prohibitive sum to this amount.

It is therefore my suggestion that the items of a relatively permanent nature, included under the first heading, be considered as capital expenditures and financed on a long term basis through a bond issue of \$30,000 to be paid off over a ten-year period and that the items listed under the second heading be included in the regular school budget.

In concluding this report I should like to express my appreciation to the School Board and to the members of the school staff on their part in making the 1947 year one marked by sound educational progress.

Respectfully submitted,

HAROLD T. RAND,
Superintendent of Schools.

REPORT OF HEADMASTER OF HIGH SCHOOL

January 28, 1948

Mr. Harold T. Rand
Superintendent of Schools
Rochester, New Hampshire

Dear Mr. Rand:

I hereby submit my report as headmaster of Spaulding High School.

ENROLLMENT

Spaulding High School enrollment figures show 34 fewer pupils enrolled this year than in 1946. The difference is in the present Sophomore class and in our numbers of veterans. We had 33 veterans enrolled last year and this year only three. Our Sophomore class has dropped from 193 to 169. The comparative figures follow:

	7	8	9	10	11	12	Totals
September, 1946	140	149	198	193	153	139	972
September, 1947	141	140	192	169	153	143	938

SUBJECT ENROLLMENT

In the languages Latin continues to show a decrease in numbers while French remains the same. The average language class size is thirty.

In the mathematics courses the number electing second course Algebra decreased sharply. We replaced Solid Geometry and Trigonometry which had been dropped for a year, however, which accounted for a part of the change. The number electing Algebra has probably settled at about 110 as it was 112 last year. The average mathematics class size is 25.

The Sciences remained about the same except for Physical Geography classes where we had about one-third more. The average science class size is thirty which is larger than it should be for efficient laboratory work.

In the social science field Sociology and Commercial Law was the only class to lose many. This returned to its 1946 size of 36. The average social science class has 33. Some are as large as 43. Because of schedules and teacher loads this could not be reduced this year.

In Commerce classes typewriting is still a popular course and this year we have a large number taking stenography. There has been a continuous demand for stenographers and office help which may be reflected in this increase as well as in the increase in the number enrolled in Senior Office Practice.

The average Commerce class has 25 enrolled.

In the Industrial Arts shops the numbers remain about the same each year as we operate at capacity all the time. More boys would take shop if we had more room or machines. The average shop class is 17.

The Home Economics and Art classes have remained the same except the Family class which enrolled 41 this year. Class size in Home Economics averages 29. Art classes average 25.

The overall class average for the high school is 28.

ADMINISTRATION

Our school operates with six departments each with a head teacher. These departments have been meeting regularly as such all year, coordinating the work and planning for changes and improvements. Because of these conferences I feel that the subject matter taught in these departments has become more uniform and has improved the morale of the school. The heads of the departments have acted as an advisory group in discussing matters of policy.

Our general professional teachers' meetings have been fewer due to the department meetings but we have planned six professional meetings each in charge of a committee of teachers. Three have already been held. The topics discussed were:

What Constitutes a Good Teacher.

The Use of Visual Aids in the Classroom.

Juvenile Delinquency.

Teachers each take turns in supervising pupils during the noon hour and before school at 8:00 A. M.

CAFETERIA

Our cafeteria continues to serve well balanced meals at a minimum price and continues to receive good patronage from the pupils.

Our new manager, Mrs. Cassie Richardson, and her assistant, Miss Norma Mooney, as well as all workers, are to be commended for their high morale and efficient service rendered. They have been very helpful in assisting with extra-curricular luncheons, too. Our prices have not been changed this year.

The Foods classes, under the direction of Mrs. Springfield, have taken on the planning of the menus. Our purpose is to tie-in the cafeteria with the regular school work and give our classes practice in planning balanced menus which will be actually used in service.

A financial statement is appended.

ATHLETICS AND PHYSICAL EDUCATION

Our staff is as follows:

- Mr. Edward Herman
Director of Athletics and Coach of Football and Freshman Basketball and Baseball.
- Mr. Harold Thompson
Assistant Coach of Football and Coach of Basketball
- Mr. Wilbur Fay
Hockey
- Mr. John McGrail
Director of Physical Education and Jr. High Basketball
- Mr. Theodore Lylis and Mr. Benjamin Mooney
Track
- Mr. Charles Beard
Tennis

Our football team had an average season winning four and losing four, tying one. Our Junior Varsity team played four games.

Our basketball team is in the middle of an eighteen-game schedule and has a good chance of being in the upper division at the close of the season. Our Junior Varsity plays nearly every time the varsity does.

We also have scheduled games for our freshman and junior high teams.

Add these games to our schedule of intramural games and we find that about every boy who wishes has an opportunity to participate.

Hockey is our outdoor sport and Mr. Fay and the boys have constructed an excellent rink this year. An ideal solution for hockey would be the obtaining of a hangar from war surplus. This would allow us to have good skating at all times in the winter and could be used for football and baseball practice.

Last spring Mr. Lylis and Mr. Mooney had a good track team and held the Southeastern High School Track meet at Spaulding High School.

EXTRA CURRICULAR ACTIVITIES

Extra curricular activities are gradually being thought of as curricula because they play so important a part in the life of the school.

Teachers who are assisting in the activities are as follows:

- | | |
|---------------------|--------------------------|
| Mrs. Irene Koski | Athenian Club |
| Miss Nedra Small | Thespians |
| Miss Edith Kelley | Red and White |
| Miss Frances Bailey | Red and White |
| Mr. Harold Hanson | Projection Club |
| | Student Activity Council |

Mr. Harry Grierson	Junior High Planning Board
Miss Anne Webb	National Honor Society
Miss Marion Dow	Publicity Club
Miss Virginia McNamara	Cheer Leaders
Mr. Edward Herlin	Torch Club
Mr. Charles Beard }	Hi-Y
Mr. Benjamin Mooney }	
Mrs. John Chase	Senior Tri-Hi-Y
Mrs. Douglas Stevenson	Junior Tri-Hi-Y
Mrs. Irene Wight	Prize Speaking and Debating
Miss Virginia McNamara	Pep Club
Mr. William King	Band and Orchestra
Mrs. Doris Buswell	Boys' and Girls' Glee Clubs

Class Advisers

Miss Violet Davis	Seniors
Mr. Wilfrid Creteau	
Miss Virginia McNamara	Juniors
Mr. John McGrail	
Mrs. Marion Abbott	Sophomores
Mr. Edward Herlin	
Miss Anne Webb	Freshmen
Mr. Theodore Lylis	

These teachers give freely of their time and make a very worthwhile contribution to the life of the school.

We held a very successful New Hampshire Music Festival here last year and are very grateful to Rochester people for assisting in housing and feeding about 400 guest participants. This festival was under the direction of Mrs. Buswell.

Mrs. Buswell has developed a fine girls' glee club and we hope next year to schedule classes so that pupils may elect it as other classes are elected and possibly receive credit for it.

Mr. King has been developing a band but we are nearly at the bottom as to numbers. Instrumental instruction is being given to quite a few grade school pupils and eventually our music department will feel the results. More grade pupils should be encouraged to take lessons.

Our Publicity Club does a good job by keeping Rochester people posted through our school notes. Teachers have an opportunity by this means of bringing their work before the public.

GUIDANCE

Mrs. John Chase, our guidance teacher, is counseling freshmen and juniors as of last year. But in addition we are trying to assist seniors, too. We gave the juniors a battery of tests through the Boston University test bureau, and are now using the results to assist them in making their vocational and educational selections.

All seventh graders, freshmen, and all new pupils have been given mental ability tests.

The results of these tests should help us to help the pupils be more successful in their school work. All teachers may obtain the results of the tests and talk them over with Mrs. Chase.

More help is needed in this area to do a good job. It is too much for any one person.

STUDENT ACTIVITY ASSOCIATION

This Student Activity Association is a very vital factor in the life of the school. After due deliberation and by a vote of the school, dues were raised from \$3.00 to \$5.00 payable in two installments of \$2.50 each or by weekly payments of 15c for a total of \$5.70. Our purpose is to so operate as to care for all our activities from the general funds. In this way hockey, track, music, debating, prize speaking and other non-income producing activities may be carried on.

So far the association has been able to do all it was called upon for.

A financial report is appended.

GRADUATES OF 1947

The 1947 class was nearly a prewar normal class. Of the 134 graduates 23 went to four-year colleges; 18 went to junior colleges or business colleges or in hospital training; 19 continued in preparatory schools or returned for post graduate work. In other words fifty continued their training in some field of school work.

All others are separated as follows:

- 25 in mills
- 8 in offices
- 20 in stores
- 5 in armed services
- 10 at home
- 6 telephone operators
- 10 miscellaneous jobs

RECOMMENDATIONS

In looking over the jobs held by our graduates it is evident that a course in Distributive Education would be very valuable to the pupils of this school. This course would help prepare them for these jobs.

I would like to have our English Department follow the reorganization plan as outlined by the State Department.

In reviewing the work of the guidance department it seems that another teacher, part time, on guidance would be a decided advantage. I think this department should grow considerably, but gradually.

In the junior high school we will need another teacher in order to keep division size down so that the shops can handle each group satisfactorily. On our present basis we would have

to have thirty boys in each of two shop groups. This is too large. Increasing our divisions from five to six will decrease class size to 25.

I recommend that the practice of awarding a valedictory and salutatory at graduation be abolished. I make this recommendation because of the impossibility of determining grades to hundredths of a point and this is usually the difference found between these two honors.

CONCLUSIONS

I wish to thank you and the school board for the fine help and cooperation received this past year.

Respectfully yours,

JOHN M. COTTON,
Headmaster.

City Accountant.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

I herewith submit my report as School Nurse for the year of 1947.

The general health of the children in the Rochester schools has been very good this past year. The contagious disease rate has been low. There were some cases of chicken pox, whooping cough, measles, and scarlet fever but none reached the epidemic stage. Routine health services such as vision testing, weighing and measuring, hearing testing, physical inspections, and frequent hair and skin inspections were carried on during my visits to the various schools. I made numerous home visits doing follow-up work on defects found at the time of the inspections.

The diagnostic and corrective health work was accomplished at the various clinics and through the examinations made in grades one, four, seven, and ten by Dr. Albert Barcomb, school physician. Rochester is fortunate to have such valuable clinical services available for its children. The following paragraphs will explain these clinics.

Six Orthopedic Diagnostic Clinics, under the direction of Miss Anne Lally of the State Board of Health, were held at the Frisbie Memorial Hospital. Any child is examined and treated without cost to the parent regardless of his financial status. The examining physicians are Drs. Ezra Jones, Carl Friborg, David Webster, Simon Stone, and Ursula Saunders. The physiotherapy treatments recommended are given by Miss Bullock at a Physiotherapy Clinic held at the Spaulding High School twice each month. The Red Cross Motor Corps provides transportation for the children to these clinics and the service is invaluable.

A Mental Hygiene Clinic, under the direction of Dr. Anna Philbrook of Concord, is held monthly at the City Hall. The purpose of this clinic is to examine and treat children who are having difficulty in adjusting themselves to school work or socially. Several pupils were examined and treated during the past year.

The immunization program for the control of contagious diseases is one of the projects of the Rochester Visiting Nurse Association. I assist at the major clinics held each spring and fall.

Periodic physical examinations are made by Dr. Albert Barcomb, school physician. The defects found are reported to the parents and assistance is given in obtaining corrections if it is necessary. It was possible to have eighteen tonsil and adenoid operations performed during the summer. The Kiwanis Club financed the hospital expenses and Dr. Barcomb was the attending physician for these cases. The Kiwanis Club provided glasses, clothing, and medical care for any deserving child re-

ferred to their Underprivileged Child Committee. The work made possible through the generosity of the Kiwanis Club has been the means of making a great many children well and happy.

The Rochester Dental Clinic had a very successful year in 1947. Dr. Roland P. Cullen has allotted one-half day each week of his very valuable time for this work. The following tabulation shows the work accomplished last year.

Number of days, ½ days	27
Number examined	69
Treatments:	
Prophylaxis	39
Gingivitis treatments	4

Silicate with Zinc Oxide and Eugenol	1
Kryptex with Zinc Oxide and Eugenol	4
Cavities treated with Silver Nitrate	4
X-rays	4

I want, Mr. Rand, to thank you and the teachers for the cooperation I have received during the year of 1947.

Respectfully submitted,

NORA C. SCAHILL, R. N.,
School Nurse.

NO SCHOOL SIGNAL

Twenty-two upon the fire alarm will be the signal for no school. When sounded at 7:05 and 7:45 all schools will be closed for the day. When sounded at 11:15 pupils will be dismissed at the usual morning closing hour for the rest of the day. The same signals will be sounded at Gonic and at East Rochester, and in the morning only, at the Spaulding Fibre Co., North Rochester. Notification will also be broadcast from Station WHEB at 7:15 and 7:45.

IN MEMORIAM

Janice R. Fickett, June 15, 1947

School Street School, Grade 4

Born October 15, 1937

INAUGURAL ADDRESS

by Mayor Thomas H. Burbank

January 7, 1948

I thank you first for your support in electing me Mayor and secondly, for your interest which brings you here to watch the inauguration.

I thank Mayor Lyons for his cooperation in the last few days and for his cooperation during the last three years with me as a member of the press. I congratulate him upon completing three years of a smoothly run administration.

I was elected Mayor by the working people of Rochester, who in electing me gave notice that the abortive attempt of the Willey Bill to deal a body blow to organized labor is a failure.

Although elected on the Democratic ticket, I consider that I am a labor Mayor, elected by both Democrats and Republicans, and I shall endeavor to maintain an administration beneficial to them.

Rochester is a good city in which to live. It is friendly and it is growing. I estimate the population must be near 14,000.

This year I believe the Council should give serious consideration to providing more adequate protection for our increased population. Since the first of August, 1947, permits to build seventy residences have been issued.

The National Board of Fire Underwriters recommends hydrants spaced 200 feet apart in city districts and 500 feet apart in outlying areas. In many places our hydrants are 1,000 to 1,200 feet apart. We need more hydrants to better protect our old and new residences.

The National Board of Fire Underwriters recommends one fireman for each 1,000 of population. We have nine men and the chief. Just last week three men answered an alarm in Hansonville. While they were out, two men were sent to Blake Street. One man was left guarding the city. Need I say more?

We need new fire trucks in both Gonic and East Rochester.

The value of radio was apparent to all during the recent disastrous fire, yet only one piece of fire apparatus is so equipped. We need at least two more radio equipped fire trucks.

The U. S. Department of Justice recommends one police officer for every 1,000 population. We have seven regulars and the chief. We are using one trainee and one special officer full time. These men are working ten hours a day. For the most part there are but three police officers on duty at one time protecting 14,000 people. Don't you think we need more policemen?

In four months' time, the parking meter collection has totaled \$6,453. One or two police salaries could be charged to that account.

I suggest that for the safety of both our pedestrians and motorists the Council approve some plan of traffic lights for the Square and South Main Street, a report on which should be in your hands at the next meeting.

I believe the Square and South Main Street should be resurfaced and that the Council should explore the feasibility of building our own roads, now that we have a Commissioner who is an experienced road builder.

I should like to see flood lights installed by the city on the high school athletic field. Used by the high school and for summer baseball on a fee basis, they would prove a profitable and self liquidating investment similar to the parking meters. Night lights would give the working population in the city an opportunity to see athletic contests which otherwise they could not attend.

I believe that construction of a municipal garage should be undertaken as soon as possible. Perhaps such an elaborate garage as the one for which plans have been approved is not propitious, but something should be done so that all our equipment can get under a roof.

A need is also apparent for the establishment of a swimming pool so that the young people of Rochester may have an opportunity to enjoy this form of recreation without having to be taken ten or twenty miles to ponds and lakes with bathing facilities.

The funded debt of the city stands at the year's end \$212,257.12, an increase from \$132,757.12 on December 31, 1946. Other notes authorized but not issued of which \$85,000 for a municipal garage is the largest, brings us considerably closer to the city's debt limit of \$417,987.

This year I should recommend that discounts be requested on all city purchases and a strict endeavor made to save a dollar where we can.

I appreciate the responsibility which goes with election as Mayor and I shall do my best to see that the city gets the best value for its money.

Almost to a man you have come to me and expressed your willingness to cooperate during 1948. I feel confident that in your deliberations you will give the working people of Rochester the benefit of your experience and good will.

CITY GOVERNMENT

AS ORGANIZED JANUARY 1, 1948

Mayor, THOMAS H. BURBANK

Ward One—Jesse C. Simonds, Maurice A. Jones, Frederick J. Grenier.

Ward Two—Freeman V. Parshley, Albert Nelson, Frederick Maxfield.

Ward Three—Arthur E. Cassidy, Herbert Bowering, Ernest J. Couture.

Ward Four—George J. Potvin, Donald Sylvain, Thomas J. Sylvain.

Ward Five—Weston H. Palmer, Chester D. Jefferson, Wilfred T. Roy.

Ward Six—Vernon E. Hersom, George F. Wilson, Norman J. Raitt.

City Clerk—D. Arlene Baker.

EXAUGURAL ADDRESS

by C. Wesley Lyons, Mayor

January 7, 1948

Gentlemen of the Council:

For the past six years I have been privileged to work with you in the affairs of our municipality. For three years I served with you as a member of your Council, and for three terms as Mayor.

I take this as an opportune time to thank you Gentlemen of the Council for the undivided co-operation you so generously gave me during the time that I served as your Mayor.

In these past six years we have experienced trying times. Our country was engaged in the Second World War. We have won the war; we must now win the peace.

At this time I would also like to thank you citizens of Rochester for the most generous assistance you have always given me. Many times during these past years I have stated that we are so fortunate as to live in the finest city in the finest state in the Union, and this is not due to the geographical location of Rochester, but it is because of the fact that we have men and women who are civic minded and always ready to cooperate. With these existing conditions, Rochester in the future will continue to be the "City of Friendly People."

In conclusion, it is my desire to convey to you, my sincere thanks for your consideration, kindness and cooperation; not only to you as Gentlemen of the Council, but to the heads of our departments and to their individual members; and to all citizens. I thank you for your loyal support.

At this time I congratulate our incoming Mayor, Thomas H. Burbank. I extend to him my good wishes for a most successful tenure.
